## **Review Report on Interim Unconsolidated Financial Information**

**To the Board of Directors of Türkiye Emlak Katılım Bankası A.Ş.**

### ***Introduction***

We have reviewed the unconsolidated statement of financial position of Türkiye Emlak Katılım Bankası A.Ş. (“the Bank”) at June 30, 2023 and the related unconsolidated statement of profit or loss, unconsolidated statement of profit or loss and other comprehensive income, unconsolidated statement of changes in shareholders’ equity, unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial statements for the three-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of these unconsolidated of interim financial information in accordance with the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency (“BRSA”) and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Financial Reporting Legislation) and Turkish Accounting Standard 34 “Interim Financial Reporting” principles for those matters not regulated by BRSA Legislation; together referred as “BRSA Accounting and Financial Reporting Legislation”. Our responsibility is to express a conclusion on this unconsolidated interim financial information based on our review.

### ***Scope of Review***

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards of Turkey and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

### ***Basis for Conditional Conclusion***

Disclosures and Footnotes to Unconsolidated Financial Statements Part Five II. As stated in Section 6.b, in the attached unconsolidated financial statements prepared as of June 30, 2023, there is a free provision of 642,414 thousand TL and 160,603 TL recognized for the provision in question, all of which was set aside in

the previous year by the Bank's management, outside the requirements of the BRSA Accounting and Financial Reporting Legislation. amount of deferred tax is included.

### ***Conditional Result***

Based on our review, except for the impact of the matter described in the basis for qualified conclusion paragraph above on the unconsolidated financial statements, the accompanying interim unconsolidated financial information is based on the unconsolidated financial position of Türkiye Emlak Katılım Bankası Anonim Şirketi as of June 30, 2023 and its six financial statements ending on the same date. Nothing has come to our attention that would lead us to conclude that the unconsolidated financial performance and unconsolidated cash flows for the monthly period are not presented fairly, in all material respects, in accordance with the BRSA Accounting and Financial Reporting Legislation.

### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated financial statements do not give a true view of the unconsolidated financial position of Türkiye Emlak Katılım Bankası A.Ş. at June 30, 2023, and the results of its operations and its unconsolidated cash flows for the three-month-period then ended in all material aspects in accordance with the BRSA Accounting and Financial Reporting Legislation.

### ***Report on other regulatory requirements arising from legislation***

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in Section VII, are not consistent, in all material respects, with the reviewed unconsolidated financial statements and disclosures.

**SECTION ONE**

**GENERAL INFORMATION**

**I. History of the Bank Including Its Incorporation Date, Initial Legal Status and Amendments to Legal Status:**

The Bank was incorporated in Ankara June 3, 1926 with the name of Emlak ve Eytam Bankası, in accordance with instructions of Mustafa Kemal Atatürk. The aim of establishment of the Bank is to support public construction, to provide necessary loan and to protect orphan’s right. The Bank had restructured on 1 September 1946 and after this date the title of the Bank had changed as Türkiye Emlak Kredi Bankası Anonim Ortaklığı. The Bank had merged with Anadolu Bankası A.Ş. and assumed the title of Türkiye Emlak Bankası A.Ş. as of 6 January 1988.

Denizcilik Bankası A.Ş. had transferred to Türkiye Emlak Bankası A.Ş. with the all of its assets and liabilities on 29 November 1992 and maritime loans were also collected at this Bank.

During the period in which the Türkiye Emlak Bankası A.Ş. operates, in addition to its banking activities has become serious brand in the construction of qualified housing projects in line with the its establishment purpose, and has produced important housing projects in many provinces of Turkey, especially in İstanbul, Ankara and İzmir. İstanbul-Ataköy, Ataşehir, Bahçeşehir, Mimaroba, Sinanoba, Ankara-Bilkent, Elvankent, Konutkent, İzmir-Gaziemir and Mavişehir projects are included in the Bank’s important projects.

The Bank has entered into a restructuring process with the Law about Türkiye Cumhuriyeti Ziraat Bankası A.Ş., Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bankası A.Ş. no. 4603 dated 21 November 2000, and the transition from the public law status to the status of private law has achieved.

According to BRSA’s decision dated July 6, 2001, Türkiye Emlak Bankası A.Ş. was transferred to Türkiye Cumhuriyeti Ziraat Bankası A.Ş. with its assets and liabilities. In this regard, No. 4684 Certain Laws and Delegated Legislation Law Amending the Law No. 4603 and Article 2 of the Law about Türkiye Cumhuriyeti Ziraat Bank, Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bank A.Ş. attached Provisional Article 3 of the Law (3) In accordance with the provisions of paragraph, the permission of Türkiye Emlak Katılım Bankası A.Ş. to accept deposits and perform banking operations came to an end on July 6, 2001.

The Bank’s all assets including banking services, branches, deposits, and commitments and liabilities arising from and banking services were transferred to Ziraat and Halk Bank with the protocol held on July 7, 2001. From this date, the Bank’s permission for banking activities and collection of deposit removed.

Board of Liquidation, Board of Directors and Board of Supervisors of the Bank had established with the extraordinary general assembly held on September 14, 2001, and liquidation process had actually started with the personnel on temporary duty sent by Türkiye Cumhuriyeti Ziraat Bankası A.Ş. As a result of the Bank’s repayment of its debts to the Treasury Department and all other debts after the end of 16 years with the Law of “Some Receivables and Re-Structuring and Certain Laws and Decree Law Amending No. 7020 with the following regulation made in the Law of Türkiye Cumhuriyeti Ziraat Bankası A.Ş., Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bank A.Ş. No. 4603, the liquidation of the Bank has been removed, as of May 27, 2017.

After the liquidation of the Bank, in the General Assembly held on September 3, 2018, the new Articles of Association approved and the status was determined as participation bank. The title of the Bank was registered as Türkiye Emlak Katılım Bankası A.Ş. on September 10, 2018.

**SECTION THREE**

**ACCOUNTING POLICIES**

**I. Explanations on basis of presentation:**

**a. The preparation of the financial statements and related notes and explanations in accordance with the “Turkish Accounting Standards and Regulation on the Principles and Procedures Regarding Banks” Accounting Application and Safeguarding of Documents**

The Bank prepares its financial statements according to the "Regulation on the Procedures and Principles Regarding the Accounting Practices of Banks and Storage of Documents" published in the Official Gazette dated 1 November 2006 and numbered 26333 and other regulations published by the Banking Regulation and Supervision Board regarding the accounts and records of banks and the Banking Regulation and Supervision Agency. Turkish Accounting Standard 34 (TMS 34) Interim Financial Reporting Standard and Turkish Financial Reporting Standards (TMS 34), which were put into effect by the Public Oversight Accounting and Auditing Standards Authority (“KGK”) in the circulars and statements of the Auditing Authority (“BRSA”) and on matters not regulated by them. It is regulated in accordance with the "BRSA Accounting and Financial Reporting Legislation", which includes the provisions of "TFRS".

The format and contents of the unconsolidated financial statements to be disclosed to the public, as well as their explanations and footnotes, are in accordance with the "Communiqué on Financial Statements to be Announced to the Public by Banks and Related Disclosures and Footnotes" published in the Official Gazette dated 28 June 2012 and numbered 28337, and the communiqués that make additions and amendments to this communiqué. has been prepared appropriately. The Bank keeps its accounting records in Turkish currency, in accordance with the Banking Law, Turkish Commercial Code and Turkish tax legislation.

Financial statements have been prepared in TL on the basis of historical cost, except for financial assets, liabilities and revalued real estate that are shown at their fair values.

**b. Accounting policies followed and valuation principles used in the preparation of financial statements:**

The accounting policies followed and the valuation principles used in the preparation of financial statements are in accordance with the regulations, communiqués, explanations and circulars published by the BRSA regarding accounting and financial reporting principles, and in matters not regulated by these, within the scope of TFRS put into effect by the KGK (all "BRSA Accounting and Financial Reporting Legislation"). determined according to the principles set forth herein.

In the preparation of financial statements in accordance with BRSA Reporting and Accounting Legislation, the Bank's management is required to make assumptions and estimates about the assets and liabilities in the balance sheet and contingent issues as of the balance sheet date. These assumptions and estimates include fair value calculations of financial instruments, lawsuit provisions, deferred tax assets and liabilities, impairment of financial assets and valuation of real estate, and are reviewed regularly, necessary corrections are made and the effect of these corrections is reflected in the financial statements. The assumptions and estimates used are explained in the relevant footnotes. The accounting policies followed and the valuation principles used in the preparation of the financial statements have been determined and applied in accordance with the principles included in the "BRSA Accounting and Financial Reporting Legislation" and are consistent with the accounting policies applied in the annual financial statements prepared for the year ending 31 December 2022.

**ACCOUNTING POLICIES (Continued)**

**I. Explanations on basis of presentation: (Continued)**

**b. Accounting policies and valuation principles applied in the preparation of unconsolidated financial statements (Continued)**

On January 20, 2022, the Public Oversight Authority made a statement regarding the Implementation and Enforcement of Financial Reporting in Economies with High Inflation within the Scope of Turkish Financial Reporting Standards, Financial Reporting Standard for Large and Medium-Sized Enterprises. Accordingly, it has been stated that there is no need for businesses applying TFRS to make any corrections in their financial statements dated 31 December 2021 within the scope of TMS 29 Financial Reporting in High-Inflation Economies. As of the date of preparation of the financial statements, no new statement has been made by the Public Oversight Authority in this context, and no inflation adjustment has been made within the scope of TAS 29 Financial Reporting Standard in Highly Inflationary Economies in the unconsolidated financial statements dated 30 June 2023.

**c. Comparative information and classifications:**

Significant changes in accounting policies are applied retrospectively and the financial statements of the previous period are restated. The financial statements of the Bank are prepared in comparison with the previous period in order to allow the determination of financial status and performance trends. Comparative information is restated when necessary in order to comply with the presentation of the current period financial statements. The Bank has rearranged the previous period cash flow statement in order to comply with the presentation of the current period financial statements.

**II. Explanations on strategy of using financial instruments and foreign currency transactions:**

The Bank creates its strategies regarding financial instruments by considering its resource structure. The bank's funding structure mainly consists of funds collected as "private current accounts", "participation accounts" and "participation accounts investment proxy pools". Apart from the funds collected, the Bank's most important funding sources are equity and funds from domestic / foreign financial institutions.

The Bank's transactions in foreign currencies are accounted in accordance with the TAS 21 "Accounting Standard on the Effect of Changes in Foreign Currency Rates", and converted with the exchange rate ruling at the transaction date into Turkish Lira. Foreign currency assets and liabilities have been translated into Turkish Lira at the rate of exchange rates ruling at the balance sheet date announced by Central Bank of Republic of Turkey "CBRT". Gains or losses arising from foreign currency transactions and translation of foreign currency assets and liabilities are reflected in the income statement as foreign exchange gain or loss.

The portion of risk belonging to the profit sharing accounts for foreign currency non-performing loans which were funded from these accounts is evaluated at current foreign exchange rates. The foreign currency exchange differences resulting from the translation of debt securities issued and monetary financial assets into Turkish Lira are included in the income statement.

Precious metals accounted under assets and liabilities which do not have fixed maturity are converted into Turkish Lira by using the weighted average price at the balance sheet date announced by Borsa İstanbul and resulting evaluation differences are reflected as foreign exchange gain or loss.

**III. Explanations on forward, option contracts and derivative instruments:**

The derivative financial instruments of the Bank consist of forward foreign currency, forward precious metal and swap agreements. The Bank records the spot foreign currency transactions in asset purchase and sale commitments.

The Bank’s derivative instruments are classified, measured and accounted in accordance with "IFRS 9 Financial Instruments". Derivative instruments are initially recognized at fair value and subsequently measured at fair value.

The liabilities and receivables arising from the derivative transactions are recorded as off-balance sheet items at their contractual values. The derivative transactions are accounted for at fair value subsequent to initial recognition and are presented in the “Derivative Financial Assets at Fair Value Through Profit or Loss”, “Derivative Financial Assets at Fair Value Through Other Comprehensive Income” or “Derivative Financial Liabilities at Fair Value Through Profit or Loss” and “Derivative Financial Liabilities at Fair Value Through Other Comprehensive Income” items of the balance sheet depending on the resulting positive or negative amounts of the computed value. These amounts on the balance sheet present the fair values of derivative transactions. The differences that occur in the fair value as a result of the valuation are accounted in the “Income / loss from derivative financial transactions” in the income statement.

**IV. Explanations on profit share income and expenses:**

*Profit share income*

Profit share income is accounted in accordance with the internal rate of return method, which is equal to the net present value of the future cash flows of the financial asset determined in IFRS 9 and reflected to the accrual basis.

*Profit share expense*

The Bank records profit share expenses on accrual basis. The profit share expense accrual calculated in accordance with the unit value method on profit sharing accounts has been included under the account ‘Funds Collected’ in the balance sheet.

**V. Explanations on fees, commission income and expenses:**

Other than commission income and fees and expenses for various banking services that are reflected as income/expense when collected/paid, fees and commission income and expenses are reflected to income statement depending on the term of the related transaction. The commissions and fees other those whose amortised costs are integral part of their effective profit rate, are accounted for in accordance with the IFRS 15 Revenue from Contracts With Customer Standard.

In accordance with provisions of IFRS the portion of the commission and fees which are related to the reporting period and collected in advance for cash and non-cash loans granted is reflected to the income statement by using the internal rate of return method and straight line methods, respectively over the commission period of the related loan, respectively. Fees and commission collected in advance which are related to the future periods are recorded under the account “Unearned Revenues” and included in “Other Liabilities” in the balance sheet. The commission received from cash loans corresponding to the current period is presented in “Profit Share from Loans” in the statement of profit or loss.

**VI. Explanations on financial assets and liabilities:**

The Bank categorizes its financial assets as “Fair Value Through Profit or Loss”, “Fair Value Through Other Comprehensive Income” or “Measured at Amortized Cost”. Such financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part three Issued for classification and measurement of the financial instruments published in the Official Gazette No. 29953 dated January 19, 2017 by the Public Oversight Accounting and Auditing Standards Authority. Financial assets are measured at fair value at initial recognition in the financial statements.

During the initial recognition of financial assets other than "Financial Assets at Fair Value Through Profit or Loss", transaction costs are added to fair value or deducted from fair value.

The Bank recognizes a financial asset into financial statements when it becomes a party to the contractual terms of a financial instrument. During the first recognition of a financial asset into the financial statements, business model determined by the Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank's management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments is made to earnings, losses or profit share that were previously recorded in the financial statements.

**Financial assets at fair value through profit or loss:**

Financial assets at fair value through profit or loss classified under two main categories as "Derivative Financial Assets" and "Financial assets at fair value through profit or loss". Financial assets classified in this group are taken into the financial statements with cost values that reflect their fair values and are shown in the financial statements at fair value in the following periods. The resulting valuation gain and loss are included in the profit / loss accounts.

**Financial assets valued at fair value through other comprehensive income:**

Financial assets at fair value through other comprehensive income are initially recognized at cost; which reflects their fair values; including the transaction costs. After the initial recognition, financial assets valued at fair value through other comprehensive income are measured at fair value and the unrealized gains or losses resulting from the difference between the amortized cost and the fair value is recorded in “accumulated other comprehensive income or expense to be reclassified through profit or loss” under equity. In case of a disposal of financial assets valued at fair value through profit and loss, increases/decreases which have been recorded in the Accumulated other comprehensive income or expense to be reclassified through profit or loss under the equity is transferred to income statement. Financial assets at fair value through other comprehensive income which do not have a quoted market price in an active market and whose fair values can not be reliably measured are carried at cost, less impairment, if any.

In addition, the appropriate value difference to be kept in the Bank's securities portfolio is considered as other comprehensive income financial assets given, financial assets held at fair value through profit or loss and amortization as financial assets saved at estimated cost government bonds. These securities are real coupon rates, and the effective interest rate is based on the index calculated by taking into account the inflation index and the estimated inflation rate at the time of issue they are valued and accounted for using the method. As stated in the Indexed Bonds Investor's Guide, the actual coupon payment of these securities is based on the CPI of two months ago, and the reference indices used in the calculation of the amounts are based on the CPI of two months ago.

**Financial assets and liabilities measured at amortized cost:**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and profit share are classified as financial assets measured at amortized cost. Financial assets and liabilities measured at amortized cost are initially recognized at cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using the internal rate of return. Profit share income and profit share expense obtained from financial assets and liabilities measured at amortized cost are accounted in the income statement.

**VII. Explanations on expected credit losses:**

As of January 1, 2020, the Bank recognizes a loss allowance for expected credit losses on financial assets based on TFRS 9 “Communiqué Related to Principles and Procedures on Determining the Qualifications of Banks’ Loans and Other Receivables and the Provision for These Loans and Other Receivables” and the regulation published in the Official Gazette no. 29750 dated June 22, 2016 in connection with “Procedures and Principals regarding Classification of Loans and Allowances Allocated for Such Loans. In this context, as of December 31, 2019, the method of reserving credit provisions within the framework of the relevant legislation of the BRSA has changed by applying the expected credit losses model with the implementation of TFRS 9. The expected credit loss estimate contains unbiased, supportable information about current and future economic conditions.

The Bank classifies the financial asset as stage 1 if the credit risk of a financial instrument does not materially increase since initial recognition to the financial statements and measures the amount of the impairment on the financial asset equal to 12-month expected credit losses at each reporting date. The purpose of impairment is to recognize lifetime expected credit losses in the financial statement for the credit risk of all financial instruments those materially increase since initial recognition to the financial statements with considering all supportable information individually or collectively including reasonable and prospective information.

**Calculation of expected credit losses**

The Bank measures expected credit losses with the reasonable, objective and supportable information based on a probability-weighted including estimations about past events, current conditions as of the reporting date, without undue cost or effort. The Bank has not developed an internal model for estimating these risk parameters due to insufficient historical data for modeling. In ECL calculations, the Bank consider sectoral average NPL ratio as PD with reasonable approach and the ratio of non-performing loans to gross loans, in line with the projection of the next year. For LGD, the Bank uses a 45% ratio in compliance with the basic IDD approach in Communiqué Related to Principles of the amount credit risk calculated with the Internal Ratings Based Approach published by the BRSA with a reasonable approach. The calculation of expected credit losses consists of three main parameters: Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD).

**Parameters used in calculating expected loss provisions:**

**Probability of Default (PD):**

PD represents the likelihood of a default over a specified time period. The Bank uses two different default probability values when calculating the expected credit loss in accordance with TFRS 9:

- 12-Month default probability: Estimate the probability of default in 12 months after the reporting date
- Lifetime default probability: Estimation of the probability that the financial instrument will default to its expected lifetime

**Loss Given Default (LGD):**

LGD represents an estimate of the loss at the time of a potential default occurring during the life of a financial instrument. It is expressed as a ratio.

**ACCOUNTING POLICIES (Continued)**

**VII. Explanations on expected credit losses: (Continued)**

**Exposure at Default (EAD):**

In cash loans, it refers to the balance as of the report date. In non-cash loans and commitments, it is the value calculated by applying the conversion ratio to the loan. The loan conversion rate corresponds to the loan conversion rate used in the adjustment of possible risk increases between the current date and the default date.

The expected credit loss estimate contains unbiased, supportable information about current and future economic conditions. These financial assets are divided into the following three categories depending on the increase in credit risks observed since they were first included in the financial statements:

**12-Month Expected Loss Provision (Stage 1)**

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. The number of delay days does not exceed 30 days. Impairment for credit risk is recorded in the amount of 12-month expected credit losses. Impairment for credit risk is determined on the basis of the instrument’s lifetime expected credit losses. It is valid for all assets unless there is a significant deterioration in credit quality. The 12-month expected loss values are part of the expected lifetime loss calculation (within 12 months after the reporting date or less if the life of a financial instrument is less than 12 months).

**Significant Increase in Credit Risk (Stage 2)**

As of the reporting date of the financial asset, in the event of a significant increase in credit risk since initial recognition, the financial asset is transferred to Stage 2. Impairment for credit risk is determined on the basis of the instrument’s lifetime expected credit losses.

The Bank classifies financial assets as stage 2 by considering the following criteria:

- Loans with overdue days exceeding 30 days but not exceeding 90 days
- Data received from the early warning system and the evaluation of the Bank in this case,
- In order to determine whether the default risk of the customer has increased significantly since the first definition of the loan, the Bank's management concludes that there is a significant increase in credit risk as a result of comparison with the risk of default in the loan,
- Loans whose reimbursement is totally collateralized and whose loans are below the net realizable value receivable amount.

**Default (Stage 3 / Special Provision):**

According to the internal procedures of the Bank, if the following conditions exist, the relevant financial asset is included in the default:

- Credits with a delay of 90 days from the date of the last installment (In this case, the customer is monitored as default on the 91st day),
- Restructured loans and classified as a performing loan and overdue more than 30 days during the one-year monitoring period (In this case, the customer is followed as default on the 31st day),
- Restructured loans and classified as performing loan and that have been structured at least once more during the one-year monitoring period.

**VIII Explanations on offsetting of financial instruments:**

Financial instruments are offset when the Bank has a legally enforceable right to net off the recognized amounts, and there is an intention to settle on net basis or realize the asset and settle the liability simultaneously. There are no such offset of financial assets and liabilities.

**IX. Explanations on sale and repurchase agreements and lending of securities:**

Securities subject to repurchase agreement are classified as at “fair value through profit or loss”, “fair value through other comprehensive income” or “measured on amortised cost” according to the investment purposes of the Bank and measured according to the portfolio to which they belong. Funds obtained from the related agreements are accounted under “Borrowings from Money Markets” in liabilities and the difference between the sale and repurchase price is accrued over the life of the agreements using the internal rate of return method. Profit share expense on such transactions is recorded under “Profit Share Expense on Money Market Borrowings” in the income statement. The Bank has no securities lending transactions.

**X. Explanations on assets held for sale and disContinued operations and liabilities related to these assets:**

Assets held for sale (or disposal group) in accordance with TFRS 5 (“Assets Held for Sale and DisContinued Operations”) are measured at the lower of the carrying amount of assets and fair value less any cost to be incurred for disposal. In order to classify an asset as held for sale, the possibility of sale should be highly probable and the asset (or disposal group) should be available for immediate sale in its present condition. Highly saleable condition requires a plan designed by an appropriate level of management regarding the sale of the asset to be disposed of together with an active program for the determination of buyers as well as for the completion of the plan. Also the asset shall be actively marketed in conformity with its fair value. In addition, the sale is expected to be recognized as a completed sale within one year after the classification date and the necessary transactions and procedures to complete the plan should demonstrate the fact that there is remote possibility of making any significant changes in the plan or cancellation of the plan.

A disContinued operation is a part of the Bank’s business which has been disposed of or classified as held-for-sale. The operating results of the disContinued operations are disclosed separately in the income statement.

The Bank has no disContinued operations.

**XI. Explanations on goodwill and other intangible assets:**

Goodwill and other intangible assets are recorded at cost in accordance with TAS 38 “Turkish Accounting Standards for Intangible Assets”.

As of June 30, 2023, there is no goodwill in the financial statements of the Bank. The Bank’s intangible assets consist of softwares and intangible rights (December 31, 2022: None).

The Bank’s intangible assets consist of software and intangible rights. The costs of the intangible assets purchased before December 31, 2004 have been restated from the purchasing dates to December 31, 2004 the date the hyperinflationary period is considered to be ended. Intangible assets purchased after this date have been recorded at their historical costs. Intangible assets are amortised by the Bank over their estimated economic useful lives in equal amounts on a straight-line basis. Useful lives of the Bank’s software have been determined as 3 to 4 years and other intangible assets’ useful lives have been determined as 15 years.

If there is objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the TAS 36 “Turkish Accounting Standard for Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is provided.

**XII. Explanations on tangible assets:**

The cost of the tangible assets purchased before December 31, 2004 have been restated by inflationary index from the purchasing dates to December 31, 2004, the date the hyperinflationary period is considered to be ended. The tangible assets purchased after this date are recorded at their historical costs. Tangible assets are recorded at cost less accumulated depreciation and provision for impairment, if any in compliance with the TAS 16 “Turkish Accounting Standards for Tangible Assets” in the financial statements.

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets. There are no changes in the accounting estimates which are expected to have an impact in the current or subsequent periods.

Depreciation is calculated on a straight-line basis. Depreciation rates used are determined by considering the estimated economic useful life of the assets.

The annual rates used are as follows:

|                            | <b>Depreciation Rate (%)</b> |
|----------------------------|------------------------------|
| Computers                  | 10-33                        |
| Furniture and Equipment    | 20                           |
| Other Moveables            | 7-33                         |
| Vehicles                   | 20                           |
| Intangible Assets (Rights) | 7-33                         |

The depreciation of an asset held for a period less than a full financial year is calculated as a proportion of the full year depreciation charge from the date of acquisition to the financial year-end.

Gain or loss resulting from disposals of the tangible assets is calculated as the difference between the net proceeds from the sale and the net book value of the related asset.

The repair and maintenance costs of the tangible assets are capitalized, if the expenditure increases the economic life of the asset, other repair and maintenance costs are expensed.

**XIII. Explanations on leasing transactions:**

The Bank applies the TFRS 16 leases standard.

The Bank recognizes the right of use and the rent obligation on the financial statements at the effective date of the lease. The right of use is measured initially at cost value and subsequently measured at cost less accumulated depreciation and accumulated impairment losses and adjusted for the re-measurement of the lease obligation. TAS 36 Impairment of Assets is applied in order to determine whether the real estates that are entitled to use have been impaired and to recognize the impairment loss.

With the TFRS 16 Leases Standard effective from January 1, 2019, the difference between operating leases and financial leases is eliminated and leases are presented as assets by the lessees under Tangible Assets and as liabilities under Liabilities from Leasing Transactions.

TFRS 16 introduces a single leasing accounting model for lessees. As a result, the Bank, as a lessee, has acquired the lease rights representing the lease rights representing the right to use the underlying asset and the lease payments to the financial statements. Accounting for the lessor is similar to the previous accounting policies.

The Bank when valuing its leasing obligations, discounted its leasing payments using an alternative borrowing rate. The weighted-average rate applied is 18% for leasing agreements denominated in Turkish liras.

**XIII. Explanations on leasing transactions: (Continued)**

**Existence of right to use**

The right to use asset is first recognized by cost method and includes:

- The initial measurement amount of the lease obligation,
- The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease;
- All initial direct costs incurred by the Bank.

When applying the cost method, the existence of the right to use:

- Accumulated depreciation and accumulated impairment losses are deducted and measures the restatement of the lease obligation at the restated cost.

The Bank applies depreciation provisions in TAS 16 Property, Plant and Equipment while depreciating the right to use assets.

**The lease obligations**

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank's average borrowing interest rates.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Bank measures the leasing liability as follows:

- Increase the book value to reflect the interest on the lease obligation
- Reduces the book value to reflect the lease payments made and
- The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The profit share on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic profit share rate to the remaining balance of the lease liability.

**XIV. Explanations on provisions and contingent liabilities:**

Provisions and contingent liabilities, excluding the general and specific provisions for impairment on loans, are accounted in accordance with TAS 37: “Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets”.

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence in accordance with the cut-off principle.

A liability is recognized as a contingent liability where a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of more than one events not wholly within the control of the Bank; or a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability and disclosed in the footnotes.

**XV. Explanations on liabilities regarding employee rights:**

The bank fulfills its obligations for severance pay and leave rights under "TAS 19 - Provided to Employees Benefits" and in the balance sheet "Provision for Employee Benefits" account.

According to Turkey's current labor laws, the Bank may resign and resign as specified in the Labor Law by making a certain lump sum payment to employees who are dismissed for reasons other than liable behavior.

Provision for severance pay, which is a probable liability under this law, is calculated over its present value using certain actuarial estimates and is reflected in the financial statements as actuarial losses and gains, in accordance with "TAS 19 - Employee Benefits" accounted for under equity. The leave fee obligation means that all personnel are legally entitled to leave each year in excess of the cumulative total of unused vacation days found by subtracting the is calculated.

**Liability of T.C. Ziraat Bankası and T.Halk Bankası Members Pension and Relief Fund (TZHEMSAN)**

Some of the Bank’s personnel are the members of T.C. Ziraat Bankası and T. Halk Bankası A.Ş. Employees' Pension Fund (“Fund”) which was established by 20th provisional article of Social Security Law Act numbered 506. In accordance with 23rd provisional clause of the Banking Law numbered 5411, the pension fund established within Social Security Law is expected to be transferred to the Social Security Institution by three years following the declaration of the Banking Law numbered 5411. Procedures and principles of the transfer are determined by the decision of Council of Ministers numbered 2006/11345 dated 30 November 2006. However, the 1st paragraph of the 1st article of the 23rd provisional clause of Banking Law numbered 5411 allowing pension funds to be transferred to Social Security Institution (“SSI”) is annulled following the resolution of Constitutional Court declared in the Official Gazette dated 30 June 2007 numbered 26479 E.2005/139, K.2007/13 and K.2007/33

With the publication of the reasoning of the decision, the Grand National Assembly of Turkey (“GNAT”) started to work on new legal arrangements regarding the transfer of the fund members to SSI and the related articles of the “Law Regarding the Changes in Social Insurance and General Health Insurance Law and Other Related Laws and Regulations” No 5754 (“the New Law”) regulating the transfer of the funds were approved by the GNAT on 17 April 2008. The New Law was published in the Official Gazette dated 8 May 2008, numbered 26870 and came into force.

According to the new law bank pension funds participants and salaried members or the rightful owners would be transferred to Social Security Institution and would be subject to its legislation within three years beginning from the date of publication without any required transaction. Three years transfer period would be extended by two years at most with the decision of Council of Ministers. In accordance with the related legislation, as of the transfer date, the cash value of the liabilities will be calculated by considering the income and expenses of the transferred funds by the insurance branches and by using the actuarial interest rate of 9,80%. Moreover, the unfulfilled other social rights and payments existed in the settlement deeds of the subjected pension funds of the transferred participants, members or the rightful owners will be Continued to be fulfilled by the employer entities of the funds and its participants.

In accordance with 58th article and 7th provisional article of the Banking Law, restricting banks from transferring any funds to the pension funds in order to compensate the actuarial deficits effective from 1 January 2008, has been delayed up to 5 years.

**XV. Explanations on liabilities regarding employee rights: (Continued)**

Based on the Council of Ministers’ decree numbered 2011/1559 and issued in the Official Gazette numbered 27900, dated 9 April 2011, and 20th provisional article of law numbered 506, the deadline for transferring banks, insurance and reinsurance companies, chambers of commerce, chambers of industry, exchange markets and the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for two years.

Besides, the phrase of “two years” in Clause (2), Article 1 of the temporary 20th provision of the law numbered 5510 is revised as “four years” with the law numbered 6283 amending on the Social Insurance and General Health Insurance Law, published in the Official Gazette numbered 28227, dated 8 March 2012.

Based on the Council of Ministers’ decree numbered 2014/6042 and issued in the Official Gazette numbered 28987 dated 30 April 2014, the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for one year.

Lastly, 51st article of Law No.6645 dated 23 April 2015, published on Official Gazette and the first paragraph of the transient 20th article of Law No.5510 related to the transfer of Bank and Insurance Funds to Social Security Institution; “Council of Ministers is the authority to determine the date of transfer of banks, insurance and reinsurance companies, boards of trade, chambers of industry and stock markets or the participants of funds established for their constitute union personnel and the ones that were endowed salary or income and their beneficiaries within the scope of transient 20th article of Law No.506.

As from the transfer date, the participants are considered as insured within the scope of clause (a), first paragraph and 4th article of this Law. Based on the decision of the Council of Ministers dated 24 February 2014; May 2015 was determined as the transfer period. As a result of the last amendment made in the first paragraph of the provisional article 20 of the Law No. 5510 and the Occupational Health and Safety Law No. 6645 published in the Official Gazette dated 23 April 2015 and numbered 29335; The Council of Ministers has been authorized to determine the transfer date and the President has been authorized to determine the transfer date in the repeated Official Gazette numbered 30473 on 9 July 2018.

The technical balance sheet report as of 31 December 2022 which is prepared in accordance with the new law and the allowance determined as 9,80%, concluded no technical deficit arises in the above mentioned fund. Since the Bank has no legal right to hold the present value of any economic benefits available in the form of refunds from Pension Fund or reductions in future contributions to Pension Fund, no asset is recognized in the Bank’s financial statements.

**XVI. Explanations on taxation:**

**Current tax:**

In the financial statements as of June 30, 2023, the corporate tax rate is applied 25%. The corporate tax rate has been permanently increased to 25% for banks, consumer finance companies, factoring and financial leasing companies, capital market institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies in accordance with the publication of the Law No. 7394 in the Official Gazette dated April 15,2022.

**XVI. Explanations on taxation: (Continued)**

As of June 30, 2023, the corporate tax rate has been applied as 25% in the financial statements. With the publication of Law No. 7394 in the Official Gazette dated April 15, 2022, banks, consumer finance companies, factoring and financial leasing companies, electronic payment and money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies. The corporate tax rate has been permanently increased to 25%.

Dividends paid to the resident institutions are not subject to withholding tax in Türkiye. Withholding tax rate on the dividend payments other than these is 10%. Appropriation of the retained earnings to capital is not considered as profit distribution and accordingly is not subject to withholding tax.

Corporations calculate advance tax with their current rate on quarterly profits and pay until the evening of the same day by declaring until the 17<sup>th</sup> day of the second month following that period.

The prepaid taxes can be deducted from the annual corporate tax calculated on the annual corporate income. The remaining prepaid tax, if any after deduction, can be refunded in cash or deducted from other financial liabilities to the government.

75% portion of the capital gains derived from the sale of equity investments and 50% portion of the capital gains derived from the sale of immovable properties held for at least two years is tax exempt if such gains are added to paid-in capital or held in a special fund account under liability for five years.

In accordance with the tax legislation, tax losses can be carried forward to offset against future taxable income for up to 5 years. Tax losses cannot be carried back to offset profits from previous periods.

In Türkiye, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns until the last day of the following fourth month after the closing of the accounting year to which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue reassessments based on their findings and carry out sectorial investigations.

The monetary amount included in the financial statements Non-inflationary assets had to be adjusted for inflation in accordance with the reiterated article 298/A of the Tax Procedure Law (VUK). The provisional tax calculation 2021 and 2022 accounting periods, including the periods of inflation adjustment, are accepted as the accounting periods in which they are not realized as of January 29, 2022, and with the Law No. 7352 published in the Official Gazette No. 31734.

Changes have been made to the Tax Procedure Law with Law No. 7338, which was published in the Official Gazette on October 26, 2021. As a result, revaluation of immovables registered in the asset and economic assets subject to depreciation is possible. On January 14, 2023, a communiqué was published in the Official Gazette with the amendment of the Accounting System Implementation General Communiqués, different accounting and taxpayers subject to financial reporting standards rules are now also subject to Tax Procedure Law No. 213. revaluation is governed by Article 298's second paragraph (Ç) and the provisional Article 32. the application's eligibility requirements have been clarified.

Repetitive Article 298/ç and Provisional Article 32 of Tax Procedure Law Nos. 213 and 537 have been applied in relation to these and revaluation by the Bank in accordance with the General Communiqués of Tax Procedure Law No. 547 provisions. Adjusted in the corporate tax base for the 2022 accounting period Provisional Article 32, a tax of 2% is calculated on the value increase amount within the scope of the and paid, taking into account the TPL depreciation expenses determined over the values. **XVI. Explanations on taxation: (Continued)**

**Deferred tax:**

Deferred tax assets or liabilities, according to principles of “ Turkish Accounting Standards on Income Taxes” (“TAS 12”), are calculated as measuring the affect of the temporary difference that accours between the amount of assets and liabilities figured in financial tables and the amount calculated according to tax legislation, by considering tax rate for releated period.

Deferred tax is been figured in financial tables by netting assets and liabilities. While deferred tax liability can be calculated for all taxable temporary difference, deferred tax assets only can be calculated on the condition that if high possiibilty exists to take profit from difference occurs from deferred tax assets arises from reducable temporary differences to be profitable on taxes.

Deferred tax is calculated on the basis of the tax rates that are applicable to or are certain to have effect on the income statement for the period in which the asset is realized or the liability is settled and recorded as income or expense in the income statement. However, deferred tax is recognized directly in equity if the tax asset relates directly to equity in the same or different period. The bank 25% tax rate is used for temporary differences realized at the end of 2022 or after or expected to close.

**Transfer pricing**

Transfer pricing is regulated through the article 13 of Corporate Tax Law titled “Disguised Profit Distribution by way of Transfer Pricing”. Detailed information for the practice regarding the subject is found in the “General Communiqué on Disguised Profit Distribution by way of Transfer Pricing”.

According to the related regulation, in the case of making purchase or sales of goods or services with related persons/corporations at a price that is determined against “the arm’s length principle”, the gain is considered to be distributed implicitly through transfer pricing and such distribution of gains is not deductible in calculation of corporate tax.

**XVII. Additional explanations on borrowings:**

The Bank generates funds from debt certificates issued by the asset leasing company and these funds have been presented under “Funds Borrowed”. Borrowings, except for funds collected, are recognized at amortized cost using the effective internal rate of return method in the following periods after the initial recognition.

**XVIII. Explanations on issued share certificates:**

None.

**XIX. Explanations on acceptances and availed drafts:**

The Bank aval and acceptances are carried out simultaneously with customers' payments and are shown in off-balance sheet obligations as possible debts and commitments.

**XX. Explanations on government grants:**

As of the balance sheet date, there are no government grants received by the Bank.

**INFORMATION ON FINANCIAL STRUCTURE AND RISK MANAGEMENT (Continued)**

**I. Explanations on capital adequacy standard ratio (Continued):**

**c. Explanations on reconciliation of equity items and balance sheet amounts**

The difference between Total Capital and Equity in the unconsolidated balance sheet mainly arises from Stage 1 and Stage 2 expected credit losses, debt instruments, and share issue premiums deemed suitable by the BRSA. In the calculation of Total Capital, Stage 1 and Stage 2 expected credit losses up to 1,25% of the credit risk is taken into consideration as Tier II Capital. On the other hand, in the calculation of the Total Capital, improvement costs for operating leases followed under tangible assets in the balance sheet, intangible assets and related deferred tax liabilities, net book value of immovables that are acquired against overdue receivables and retained more than five years, other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

**II. Explanations on credit risk**

Not prepared in compliance with the Article 25 of the Communiqué “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

**III. Explanations on currency risk:**

Foreign currency risk arises from the Bank’s possible exposure to the changes in foreign currencies.

- a) The Bank is exposed to currency risks as a market risk and pay attention to keep at a minimum level by avoiding keeping any positions. The Bank calculates the Value at Risk for the foreign currency position on a daily basis. All foreign currency assets, liabilities and foreign currency forward transactions are taken into consideration while capital requirement to be employed for foreign currency risk is calculated. Standard Method used in legal reporting and value at market risk is calculated on a monthly basis.
- b) The Bank does not have any derivative financial instruments held for hedging purposes.
- c) TL resources are used in TL and foreign currency resources are used in related currencies without causing any currency inconsistency in the use of loans. Due to uncertainty and volatility that may arise in the markets, foreign currency position limit that can be formed for strategic purposes is limited and monitored.
- d) Foreign exchange buying rates of the last five working days before the balance sheet date as publicly announced by the Bank are as follows:

|   | <b>USD</b> | <b>EUR</b> |
|---|------------|------------|
| As of June 30, 2023 - Balance sheet evaluation rate | 25,8786    | 28,2506    |
| As of June 27, 2023                                 | 25,8786    | 25,9350    |
| As of June 26, 2023                                 | 25,7281    | 28,0483    |
| As of June 23, 2023                                 | 25,2099    | 27,4307    |
| As of June 22, 2023                                 | 23,5675    | 23,9661    |
| As of June 21, 2023                                 | 25,8786    | 25,7289    |

- e) The simple arithmetical average of the major foreign exchange buying rates of the Bank for the thirty days before the balance sheet date is full TL 23,5986 for 1 USD (December 2022: full TL 18,6587), full TL 25,4282 for 1 Euro (December 2023: full TL 19,7536).

The Bank is mainly exposed to USD and Euro currency risks.

**IV. Explanations on liquidity risk:**

Liquidity Risk is managed by Asset and Liability Committee (“ALCO”) in line with risk management policies and risk appetite approved by the Board of Directors in order to take the necessary measures in a timely and correct manner against possible liquidity shortages that may result from market conditions and balance sheet structure of the Bank.

The Board of Directors reviews the liquidity risk management strategy, policy and practices and approves the liquidity strategy and policies within the framework of risk management strategy and policies, ensures the effective of practice of policies and integrations with Bank’s risk management strategy. The Board of Directors determines the basic metrics in liquidity risk measurement and monitoring.

ALCO takes necessary decisions which will be executed by related departments by assessing the liquidity risk that the Bank is exposed to and considering the Bank’s strategy and conditions of competition and pursues the implementations.

The liquidity structure is evaluated in the framework of ALCO decisions for liquidity management and a placement strategy is developed. Liquidity risk management strategy is determined by considering both normal economic conditions and stress conditions.

Risk Management Presidency, liquidity risk; periodically reports to the relevant unit, the relevant committee and the senior management with the methods of measurement of liquidity risk in compliance with the standards. It manages liquidity risk in accordance with the Bank’s portfolio, strategic plans and policies and legal limits, and informs and coordinates the relevant parties on time. In accordance with the market conditions and the Bank’s structure, the relevant liquidity risk measurement methods establish, assumptions and parameters used in liquidity risk analyzes are reviewed. Liquidity risk analyzes and important liquidity indicators are regularly reported to senior management. In the stress conditions are carried out in the framework of “Emergency Funding Plan”.

The Bank’s high level management to determine management strategies for liquidity risk;

- follows obligations arising from domestic and foreign currencies,
- determine the concentration risks of placements,
- actively follows funding sources,
- consider the portfolio diversity,
- follow up the fund flows related to assets and liabilities depending on the maturities.

Market conditions are continuously follow and access problems for the bank’s fund requirements are analyzed and the impact of sudden changes in fund sources is evaluated. Liquidity adequacy is measured by applying stress test to the factors affecting liquidity. Liquidity Risk Stress Test analyzes the compliance of the Bank’s cash flow capacity to the cash flow capacity within the framework of the specified scenarios. The scenarios needed for stress tests are based on the changing balance sheet structure. The results are taken into consideration in determining the policies related to liquidity risk and in the preparation of an emergency action plan.

For the purpose of reducing the liquidity risk that the Bank may be exposed to compliance with the strategies implemented (monitoring of concentration, diversification of funding sources, high quality liquid assets, etc.) is monitored effectively by the senior management of the Bank taking into account legal and prudential limits. For non-mitigation risks, acceptance of the current risk level, reducing or terminating the risk-causing activity are evaluated.

Liquidity coverage ratio is calculated by comparing the high quality liquid assets owned by the Bank to net cash outflow in 30 days maturity. Balance sheet accounts that are significant on the ratio can be listed as reserve requirements maintained at CBRT, banks receivables and funds collected. The effect of these accounts on the liquidity coverage ratio is higher than other accounts, since these accounts have a higher share in liquid assets and net cash outflows.

High quality liquid assets consist of cash, deposits in central banks and securities considered as high quality liquid assets. Reserve deposits are included in high quality liquid assets, limited by the amount that is allowed by central bank to use in liquidity shortages.

The Bank's high quality liquid assets are composed of 3,98% cash, 62,84% deposits in central banks and 33,18% securities considered as high quality liquid assets.

The Bank's main funding sources are funds collected, funds borrowed, borrowings from money market and subordinated loans. Funding source composition in report date is 86,52% funds collected, 5,16% subordinated debt instruments and 8,32% funds borrowed.

In accordance with the “Communiqué Regarding the Reserve Requirements numbered 2005/1” , banks operating in Türkiye are required to maintain reserves in CBRT for TL and foreign currency liabilities. According to the Communiqué Regarding to Reserve Requirements, reserve requirements can be maintained in TL, USD and /or EURO and standard gold.

As of June 30,2023, the Bank’s applicable rates for Turkish lira required reserves are between 0% and 8%, depending on the maturity structure for participation funds and other liabilities and the applicable rates for FX required reserves are between 5% and 26%, depending on the maturity structure of participation funds and other liabilities.

In accordance with the instruction dated 2 September 2022, the commission practice according to the share of Turkish lira deposits/funds collected in total deposits/funds collected has been changed to be applied as od December 23,2022. As per this amendment, banks with a share of Turkish Lira deposits/funds collected below 50% will pay 8% commission and banks with a share between 50% and 60% will pay 3% commission, separately for real and legal persons. The commissions to be paid will be calculated over the amount of reserve requirements for foreign currency deposits/funds collected liabilities.

**Information on “Write-off” policies:**

In accordance with Article 8 of the "Regulation on the Procedures and Principles Regarding the Classification of Loans and Provisions to be Reserved for them", loans classified under “Fifth Group Loans of Loss” and which does not have reasonable expectations regarding the recovery of loans with a lifetime expected due to the default of the debtor or the provision of special provisions can be deducted from the records within the scope of TFRS 9 as of the first reporting period following their classification in this group. Deducting loans from records is an accounting practice that has no effect on withdrawal.

It is an accounting practice to deduct loans that do not have the possibility to collect from the records within the scope of the above provision, does not mean that result in giving up the right to receivable.

The general policy of the Bank is to write-off the receivables which are deemed to be impossible to collect during the legal follow-up process from the assets in accordance with the decision taken by the top management of the bank. There is no cancellation of the loans brought because it is believed that it will not be possible to collect it in 2023. (December 31, 2022: None).

Article 19 of the Law on the Creation of Additional Motor Vehicle Tax for the Compensation of Economic Losses Caused by the Earthquakes Occurring on February 6, 2023 and Amending Certain Laws and the Decree Law No. 375, which was officially published by being published in the Official Gazette No. 32249 dated July 15, 2023. With the article 22, the exemption rate of the gains arising from the sale of immovable properties has been abolished, and with the article 22, 25% of the gains arising from the sale of immovable properties that were in their assets before the law came into force are exempted. The Corporate Tax rate specified in Article 21 of the same law and the first paragraphs of Article 32 of the Corporate Tax Law No. 5520 will be applied as 30%. This change will be valid for the taxation of earnings for the period starting from January 1, 2023, starting from the required declaration starts as of October 1, 2023.

With the amendment to the Reserve Requirement communiqué published in the Official Gazette dated 21 July 2023 and numbered 32255, a 15% Reserve Requirement rate was applied to Exchange Rate Protected Deposit accounts for all maturities. It will first begin to be installed on August 4, 2023 for the programming period of July 21, 2023.

In the decision of the Bank's Ordinary General Assembly held on August 4, 2023, it was decided to transfer 140,497 TL of the 2022 period profit of 2,809,949 TL to the legal reserves and the remaining amounts to extraordinary reserves.

**a. Message from the Chairman of the Board of Directors**

Dear stakeholders,

Q2 2023 was witness to a number of significant developments both at home and abroad. While the Russia-Ukraine war that has been afflicting our region for about a year and a half continues with somewhat reduced intensity, Russia’s withdrawal from the grain corridor agreement and Ukraine’s procurement of long-range weapons make the prospects of anything like a peace process unlikely anytime soon.

With markets looking volatile, the US Federal Reserve Bank raised the federal funds rate to 5.25%, the highest in years. The downward trend in inflation is seen as a positive development but the Fed’s signal that it could increase rates twice more this year suggests that the fight against inflation is not over yet. A similar inflation-interest rate relationship still prevails in EU markets. A series of European Central Bank interest rate hikes aimed at combating inflation are keeping it under control but the upward pressure on energy and food prices caused by the ongoing conflict to the east remains a serious threat to the euro area’s economy.

Our own country has been busy healing the wounds of the February 6 earthquake while also having to deal with presidential and parliamentary elections and their results. The appointment of a new Minister of Treasury and Finance led to immediate steps being taken to address the country’s fundamental economic problems. Reverting to a more orthodox approach, CBT took action in line with market expectations and raised interest rates to 15% at its first meeting. Upward pressure from exchange rate movements, especially the USD and EUR, are pushing up production costs and is seen as a major obstacle in the fight against inflation.

The second quarter saw the Turkish banking industry continuing to perform flat. The sector's assets topped TL 17 trillion and remained strongly structured while banks remained cautious about their lendings. Although the stagnation in credit has curbed momentum in bank profits, the sector as a whole remains robust.

Emlak Katılım continues to grow and make progress in line with its strategies. In the second quarter of the year we increased the number of our branches to 98 and the cities in which we have a presence to 39. Emlak Katılım is now positioned to deliver uninterrupted service to every corner of our country. With 1,400 people on its payroll and total assets of TL 128 billion, Emlak Katılım contributed significantly to the national economy and employment in Q2 2023.

Going forward, our bank will continue to supply the participation finance sector with innovative and sustainable financing, to satisfy customer expectations, to strengthen its technological infrastructure, and to further develop its digital banking products and services.

**b. Message from the CEO**

Dear Cu With the appointment of a new Treasury and finance minister in the wake of national elections, new anti-inflation strategies were identified and the first steps to implement them were taken. Policies are being developed to support investment, employment, production, and export-oriented growth with the ultimate goal of achieving macro-financial and price stability. In line with this, CBT had recourse to interest rate hikes once again and raised its one-week borrowing rate to 15%. The exchange rate volatilities expected as a result of this however are likely to drive up producer prices and perpetuate inflationary pressures.

The International Monetary Fund has forecast global growth of around 2.8% for 2023, down from 3.4% in 2022, but says that the slowdown in developed economies can be expected to be even more pronounced. However the United Nations is saying that the 2023 slowdown in global growth is likely to be less severe than previously foreseen and that this is due primarily to increased household spending in the United States and the European Union, to a rebound in China, and to no reversals in previous forecasts for India.

In Q2 2023, US markets were once again at the top of most observers’ agendas. The US Federal Reserve’s decision to raise interest rates to 5.25% has had a significant impact on the financial sector, particularly banks. Meanwhile, the contraction of US inflation to around 4% in June is a sign of a cooling economy. The Fed’s remarks that two more rate hikes may be necessary in 2023 suggest that economic tightening will continue.

Looking at our own country’s banking sector we see that a contraction in the credit supply has been accompanied by Continued growth in banking operations across the board. With assets of over TL 17 trillion and a robust capital structure, Turkey’s banking industry is moving confidently forward. Although tighter credit makes it more difficult for individuals and small businesses to borrow, it also contributes significantly to efforts to bring down inflation.

Emlak Katılım continues to move confidently on its way. In Q2 2023 we increased the number of our branches to 98, the number of cities in which we have operations to 39, and the number of our employees to 1,400. As of midyear our total assets and total funds collected amounted to TL 128 billion and TL 100 billion respectively while our TL 3 billion in total profit has surpassed what we booked in all of last year.

We will continue to expand our customer base and service network and also contribute to the national economy and employment by diversifying the innovative products and services that we offer through our digital channels.

Very truly yours, stomers and Business Partners,

Onur GÖK  
Board Member and CEO
