TÜRKİYE EMLAK KATILIM BANKASI ANONİM ŞİRKETİ

PUBLICLY ANNOUNCED UNCONSOLIDATED FINANCIAL STATEMENTS AND RELATED DISCLOSURES AT JUNE 30, 2024 TOGETHER WITH INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT

(CONVENIENCE TRANSLATION OF INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ORIGINALLY ISSUED IN TURKISH – SEE SECTION THREE NOTE I.A)

AUDITOR'S REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

(Convenience translation of the independent auditor's review report originally issued in Turkish, See Note I.a of Section Three)

To the General Assembly of Türkiye Emlak Katılım Bankası Anonim Şirketi;

Introduction

We have reviewed the unconsolidated balance sheet of Türkiye Emlak Katılım Bankası Anonim Şirketi ("the Bank") at 30 June 2024 and the related unconsolidated statement of profit or loss, unconsolidated statement of profit or loss and other comprehensive income, unconsolidated statement of changes in shareholders' equity, unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial statements for the six-month period then ended. The Bank management is responsible for the preparation and fair presentation of interim financial information in accordance with the Banking Regulation and Supervision Agency ("BRSA") Accounting and Financial Reporting Legislation which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by BRSA and Turkish Accounting Standard 34 "Interim Financial Reporting" for those matters not regulated by the aforementioned regulations. Our responsibility is to express a conclusion on these interim unconsolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

Basis for the Qualified Conclusion

As explained in Section Five Part II. 6.b and Part IV. 6 of Explanations and Notes to the Unconsolidated Financial Statements; a portion of free provision amounting to TL 480.432 thousand is reversed in the current period out of the total free provision of TL 2.850.432 thousand and a portion of related deferred tax amounting to TL 144.130 thousand is reversed in the current period out of the total calculated and accounted deferred tax of TL 855.130 thousand which was provided by the Bank management in prior periods which is not within the requirements of BRSA Accounting and Financial Reporting Legislation; therefore, the remaining free provision amount as at 30 June 2024 is TL 2.370.000 thousand and deferred tax calculated for the relevant provision is TL 711.000 thousand in the accompanying unconsolidated financial statements.

Qualified Conclusion

Based on our review, except for the effects of the matter on the unconsolidated financial statements described in the basis for the qualified conclusion paragraph above, nothing has come to our attention that causes us to believe that the accompanying unconsolidated financial information do not present fairly in all material respects the unconsolidated financial position of Türkiye Emlak Katılım Bankası Anonim Şirketi at 30 June 2024 and its unconsolidated financial performance and its unconsolidated cash flows for the six-month-period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in Section Seven, is not consistent with the reviewed unconsolidated financial statements and disclosures in all material respects.

Additional Paragraph for Convenience Translation:

BRSA Accounting and Financial Reporting Legislation explained in detail in Section Three differ from International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board including the application of IAS 29 - Financial Reporting in Hyperinflationary Economies as of 30 June 2024. Accordingly, the accompanying unconsolidated financial statements are not intended to present fairly the unconsolidated financial position, results of operations, changes in equity and cash flows of the Bank in accordance with IFRS.

PwC Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik A.Ş.

Talar Gül, SMMM Independent Auditor

Istanbul, 12 August 2024

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION ONE

General information

I. History of the Bank Including Its Incorporation Date, Initial Legal Status and Amendments to Legal Status:

The Bank was incorporated in Ankara June 3, 1926 with the name of Emlak ve Eytam Bankası, in accordance with instructions of Mustafa Kemal Atatürk. The aim of establishment of the Bank is to support public construction, to provide necessary loan and to protect orphan's right. The Bank had restructured on 1 September 1946 and after this date the title of the Bank had changed as Türkiye Emlak Kredi Bankası Anonim Ortaklığı. The Bank had merged with Anadolu Bankası A.Ş. and assumed the title of Türkiye Emlak Bankası A.Ş as of 6 January 1988.

Denizcilik Bankası A.Ş. had transferred to Türkiye Emlak Bankası A.Ş. with the all of its assets and liabilities on 29 November 1992 and maritime loans were also collected at this Bank.

During the period in which the Türkiye Emlak Bankası A.Ş. operates, in addition to its banking activities has become serious brand in the construction of qualified housing projects in line with the its establishment purpose, and has produced important housing projects in many provinces of Türkiye, especially in İstanbul, Ankara and İzmir. İstanbul-Ataköy, Ataşehir, Bahçeşehir, Mimaroba, Sinanoba, Ankara-Bilkent, Elvankent, Konutkent, İzmir-Gaziemir and Mavişehir projects are included in the Bank's important projects.

The Bank has entered into a restructuring process with the Law about Türkiye Cumhuriyeti Ziraat Bankası A.Ş., Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bankası A.Ş. no. 4603 dated 21 November 2000, and the transition from the public law status to the status of private law has achieved.

According to BRSA's decision dated July 6, 2001, Türkiye Emlak Bankası A.Ş. was transferred to Türkiye Cumhuriyeti Ziraat Bankası A.Ş. with its assets and liabilities. In this regard, No. 4684 Certain Laws and Delegated Legislation Law Amending the Law No. 4603 and Article 2 of the Law about Türkiye Cumhuriyeti Ziraat Bank, Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bank A.Ş. attached Provisional Article 3 of the Law (3) In accordance with the provisions of paragraph, the permission of Türkiye Emlak Katılım Bankası A.Ş. to accept deposits and perform banking operations came to an end on July 6, 2001.

The Bank's all assets including banking services, branches, deposits, and commitments and liabilities arising from and banking services were transferred to Ziraat and Halk Bank with the protocol held on July 7, 2001. From this date, the Bank's permission for banking activities and collection of deposit removed.

Board of Liquidation, Board of Directors and Board of Supervisors of the Bank had established with the extraordinary general assembly held on September 14, 2001, and liquidation process had actually started with the personnel on temporary duty sent by Türkiye Cumhuriyeti Ziraat Bankası A.Ş. As a result of the Bank's repayment of its debts to the Treasury Department and all other debts after the end of 16 years with the Law of "Some Receivables and Re-Structuring and Certain Laws and Decree Law Amending No. 7020 with the following regulation made in the Law of Türkiye Cumhuriyeti Ziraat Bankasi A.Ş., Türkiye Halk Bankası A.Ş. and Türkiye Emlak Bank A.Ş. No. 4603, the liquidation of the Bank has been removed, as of May 27, 2017.

After the liquidation of the Bank, in the General Assembly held on September 3, 2018, the new Articles of Association approved and the status was determined as participation bank. The title of the Bank was registered as Türkiye Emlak Katılım Bankası A.Ş. on September 10, 2018.

The Bank has obtained the operating permission with the decision of the Banking Regulation and Supervision Board dated February 26, 2019 and numbered 8262 published in the Official Gazette dated February 27, 2019 and numbered 30699 and commenced operations as of March 21, 2019.

The Bank's head office is located in Istanbul and there are 110 branches (including 1 e-branch) of the Bank as of June 30, 2024. (December 31, 2023: 101). The Bank is operating with 1.569 staff as of June 30, 2024 (December 31, 2023: 1.494).

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

General Information (Continued)

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION THREE

Accounting policies

I. Explanations on basis of presentation:

a. The preparation of the financial statements and related notes and explanations in accordance with the "Turkish Accounting Standards and Regulation on the Principles and Procedures Regarding Banks" Accounting Application and Safeguarding of Documents

The Bank prepares its financial statements according to the "Regulation on the Procedures and Principles Regarding the Accounting Practices of Banks and Storage of Documents" published in the Official Gazette dated 1 November 2006 and numbered 26333 and other regulations published by the Banking Regulation and Supervision Board regarding the accounts and records of banks and the Banking Regulation and Supervision Agency. Turkish Accounting Standard 34 (TAS 34) Interim Financial Reporting Standard and Turkish Financial Reporting Standards (TFRS 34), which were put into effect by the Public Oversight Accounting and Auditing Standards Authority ("KGK") in the circulars and statements of the Auditing Authority ("BRSA") and on matters not regulated by them. It is regulated in accordance with the "BRSA Accounting and Financial Reporting Legislation", which includes the provisions of "TFRS".

The format and contents of the unconsolidated financial statements to be disclosed to the public and their explanations and footnotes are in accordance with the "Communiqué on Financial Statements to be Announced to the Public by Banks and Related Disclosures and Footnotes" published in the Official Gazette dated 28 June 2012 and numbered 28337, and the communiqués that make additions and amendments to this communiqué. has been prepared appropriately. The Bank keeps its accounting records in Turkish currency, in accordance with the Banking Law, Turkish Commercial Code and Turkish tax legislation.

Financial statements have been prepared in TL based on historical cost principle, except for financial assets and liabilities that are shown at their fair values.

Additional paragraph for convenience translation to English:

BRSA Accounting and Financial Reporting Legislation, as described in this section, differ from International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board and the differences between accounting principles have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the unconsolidated financial position, results of operations, changes in equity and cash flows of the Bank in accordance with IFRS.

b. Accounting policies and valuation principles applied in the preparation of unconsolidated financial statements:

The accounting policies followed and the valuation principles used in the preparation of financial statements are in accordance with the regulations, communiqués, explanations and circulars published by the BRSA regarding accounting and financial reporting principles, and in matters not regulated by these, within the scope of TFRS put into effect by the KGK (all "BRSA Accounting and Financial Reporting Legislation") determined according to the principles set out herein.

With its announcement dated November 23, 2023, KGK stated that the financial statements of businesses applying Turkish Financial Reporting Standards for the annual reporting period ending on or after December 31, 2023 should be prepared in accordance with the Financial Reporting Standard in High Inflation Economies ("TAS 29"). He explained that institutions or organizations authorized to regulate and supervise in their own fields may determine different transition dates for the implementation of TAS 29 provisions. Based on this announcement of the KGK, BRSA, with its decision numbered 10744 dated 12 December 2023, decided that the financial statements of banks and financial leasing, factoring, financing, savings financing and asset management companies dated 31 December 2023 will not be subject to the inflation adjustment required within the scope of TAS 29. In accordance with the BRSA's decision dated January 11, 2024 and numbered 10825; It has been decided that banks, financial leasing, factoring, financing, savings financing and asset management companies will switch to inflation accounting as of January 1, 2025. Accordingly, no inflation adjustment was made in the unconsolidated financial statements dated 30 June 2024 within the scope of TAS 29 Financial Reporting Standard in Highly Inflationary Economies.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

I. **Explanations on basis of presentation: (Continued)**

Comparative information and classifications: c.

Significant changes in accounting policies are applied retrospectively and the financial statements of the previous period are restated. The financial statements of the Bank are prepared in comparison with the previous period in order to allow the determination of financial status and performance trends. Comparative information is restated when necessary in order to comply with the presentation of the current period financial statements.

II. Explanations on strategy of using financial instruments and foreign currency transactions:

The Bank develops its strategies regarding financial instruments by taking into account its resource structure. The Bank's resource structure mainly consists of funds collected as "special current accounts", "participation accounts" and "participation accounts investment proxy pools". Apart from the collected funds, the Bank's most important fund sources are equity and funds provided by domestic/foreign financial institutions.

Exchange rate difference income and expenses arising from foreign currency transactions are accounted for in the period in which the transaction is made, based on the "Turkish Accounting Standard on the Effects of Exchange Rate Changes" ("TAS 21"). Foreign currency assets and liabilities are converted into Turkish Lira by being valued at the end-of-period exchange rates, and the resulting exchange rate differences are reflected in the records as foreign exchange transaction profit or loss.

When loans monitored in foreign currency credit accounts are transferred to follow-up, they continue to be monitored in foreign currency credit accounts and are valued at current rates.

Differences arising from the conversion of securities representing debt and monetary financial assets into Turkish Lira are included in the income statement.

Assets and liabilities in precious metals that are monitored in asset and liability accounts and are not subject to a maturity are converted into Turkish Lira by being valued at the Borsa Istanbul weighted average price at the end of the period, and the resulting valuation differences are reflected in the records as foreign exchange transaction profit or loss.

III. Explanations on forward, option contracts and derivative instruments:

The derivative financial instruments of the Bank consist of forward foreign currency, forward precious metal and swap agreements. The Bank records the spot foreign currency transactions in asset purchase and sale commitments.

The Bank's derivative instruments are classified, measured and accounted in accordance with "TFRS 9 Financial Instruments". Derivative instruments are initially recognized at fair value and subsequently measured at fair value.

The liabilities and receivables arising from the derivative transactions are recorded as off-balance sheet items at their contractual values. The derivative transactions are accounted for at fair value subsequent to initial recognition and are presented in the "Derivative Financial Assets at Fair Value Through Profit or Loss", "Derivative Financial Assets at Fair Value Through Other Comprehensive Income" or "Derivative Financial Liabilities at Fair Value Through Profit or Loss" and "Derivative Financial Liabilities at Fair Value Through Other Comprehensive Income" items of the balance sheet depending on the resulting positive or negative amounts of the computed value. These amounts on the balance sheet present the fair values of derivative transactions. The differences that occur in the fair value as a result of the valuation are accounted in the "Income / loss from derivative financial transactions" in the income statement.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

IV. Explanations on profit share income and expenses:

Profit share income

Profit share income is accounted in accordance with the internal rate of return method, which is equal to the net present value of the future cash flows of the financial asset determined in TFRS 9 and reflected to the accrual basis.

Profit share expense

The Bank records profit share expenses on accrual basis. The profit share expense accrual calculated in accordance with the unit value method on profit sharing accounts has been included under the account 'Funds Collected' in the balance sheet.

V. Explanations on fees, commission income and expenses:

Other than commission income and fees and expenses for various banking services that are reflected as income/expense when collected/paid, fees and commission income and expenses are reflected to income statement depending on the term of the related transaction. The commissions and fees other those whose amortised costs are integral part of their effective profit rate, are accounted for in accordance with the TFRS 15 Revenue from Contracts With Customer Standard.

In accordance with provisions of TFRS the portion of the commission and fees which are related to the reporting period and collected in advance for cash and non-cash loans granted is reflected to the income statement by using the internal rate of return method and straight line methods, respectively over the commission period of the related loan, respectively. Fees and commission collected in advance which are related to the future periods are recorded under the account "Unearned Revenues" and included in "Other Liabilities" in the balance sheet. The commission received from cash loans corresponding to the current period is presented in "Profit Share from Loans" in the statement of profit or loss.

VI. Explanations on financial assets and liabilities:

The Bank categorizes its financial assets as "Fair Value Through Profit or Loss", "Fair Value Through Other Comprehensive Income" or "Measured at Amortized Cost". Such financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part three Issued for classification and measurement of the financial instruments published in the Official Gazette No. 29953 dated January 19, 2017 by the Public Oversight Accounting and Auditing Standards Authority. Financial assets are measured at fair value at initial recognition in the financial statements.

During the initial recognition of financial assets other than "Financial Assets at Fair Value Through Profit or Loss", transaction costs are added to fair value or deducted from fair value.

The Bank recognizes a financial asset into financial statements when it becomes a party to the contractual terms of a financial instrument. During the first recognition of a financial asset into the financial statements, business model determined by the Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank's management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments is made to earnings, losses or profit share that were previously recorded in the financial statements.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

VI. Explanations on financial assets and liabilities: (Continued)

Financial assets at fair value through profit or loss:

Financial assets at fair value through profit or loss classified under two main categories as "Derivative Financial Assets" and "Financial assets at fair value through profit or loss". Financial assets classified in this group are taken into the financial statements with cost values that reflect their fair values and are shown in the financial statements at fair value in the following periods. The resulting valuation gain and loss are included in the profit / loss accounts.

Financial assets valued at fair value through other comprehensive income:

Financial assets at fair value through other comprehensive income are initially recognized at cost; which reflects their fair values; including the transaction costs. After the initial recognition, financial assets valued at fair value through other comprehensive income are measured at fair value and the unrealized gains or losses resulting from the difference between the amortized cost and the fair value is recorded in "accumulated other comprehensive income or expense to be reclassified through profit or loss" under equity. In case of a disposal of financial assets valued at fair value through profit and loss, increases/decreases which have been recorded in the Accumulated other comprehensive income or expense to be reclassified through profit or loss under the equity is transferred to income statement. Financial assets at fair value through other comprehensive income which do not have a quoted market price in an active market and whose fair values can not be reliably measured are carried at cost, less impairment, if any.

In addition, the appropriate value difference to be kept in the Bank's securities portfolio is considered as other comprehensive income financial assets given, financial assets held at fair value through profit or loss and amortization as financial assets saved at estimated cost government bonds. These securities are real coupon rates, and the effective interest rate is based on the index calculated by taking into account the inflation index and the estimated inflation rate at the time of issue they are valued and accounted for using the method. As stated in the Indexed Bonds Investor's Guide, the actual coupon payment of these securities is based on the CPI of two months ago, and the reference indices used in the calculation of the amounts are based on the CPI of two months ago.

Financial assets and liabilities measured at amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and profit share are classified as financial assets measured at amortized cost. Financial assets and liabilities measured at amortized cost are initially recognized at cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using the internal rate of return. Profit share income and profit share expense obtained from financial assets and liabilities measured at amortized cost are accounted in the income statement.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Muhasebe politikaları (Continued) Accounting policies (Continued)

VI. Explanations on financial assets and liabilities:

Credits:

Loans are non-derivative financial assets that have fixed or determinable payments and are not traded in an active market. These loans are first recorded by adding transaction costs to the acquisition cost, which reflects their fair value, and are measured at their amortized cost using the "internal rate of return method" following their recording. The Bank periodically evaluates the provisions set aside for loans and other receivables in accordance with TFRS 9, based on their results, and makes updates to the staging rules and parameters used in the calculation of the relevant provision balances, if deemed necessary, as a result of these evaluations.

VII. Explanations on expected credit losses:

As of January 1, 2020, the Bank recognizes a loss allowance for expected credit losses on financial assets based on TFRS 9 "Communiqué Related to Principles and Procedures on Determining the Qualifications of Banks' Loans and Other Receivables and the Provision for These Loans and Other Receivables" and the regulation published in the Official Gazette no. 29750 dated June 22, 2016 in connection with "Procedures and Principals regarding Classification of Loans and Allowances Allocated for Such Loans. In this context, as of December 31, 2019, the method of reserving credit provisions within the framework of the relevant legislation of the BRSA has changed by applying the expected credit losses model with the implementation of TFRS 9. The expected credit loss estimate contains unbiased, supportable information about current and future economic conditions. The Bank classifies the financial asset as stage 1 if the credit risk of a financial instrument does not materially increase since initial recognition to the financial statements and measures the amount of the impairment on the financial asset equal to 12-month expected credit losses at each reporting date. The purpose of impairment is to recognize lifetime expected credit losses in the financial statement for the credit risk of all financial instruments those materially increase since initial recognition to the financial statements with considering all supportable information individually or collectively including reasonable and prospective information.

Calculation of expected credit losses

The Bank measures expected credit losses with reasonable, objective and supportable information available as of the reporting date, including estimates of past events and current conditions, weighted according to probabilities determined by taking into account expected credit losses. The bank could not develop an internal model to estimate these risk parameters due to insufficient historical data for modelling. In 12-month expected credit loss provision calculations, the average of annual default rates is used as the probability of default (PD) parameter, based on the year-end data announced to the public by participation banks after 2014. In lifetime expected loan loss provision calculations, the average of close monitoring provision ratios is used as the PD parameter, based on the year-end data announced to the public by participation banks after 2014. For the Loss in Case of Default (LWD) parameter, it uses a reasonable approach of 45%, in line with the Basic IDD approach in the Communiqué on the Calculation of the Amount Subject to Credit Risk with Internal Rating-Based Approaches published by BRSA. Calculation of expected credit losses consists of three main parameters: Probability of Default (PD), Loss Given Default (LDL), Amount at Default (TT).

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

VII. Explanations on expected credit losses: (Continued)

Parameters used in calculating expected loss provisions:

Probability of Default (PD):

PD represents the likelihood of a default over a specified time period. The Bank uses two different default probability values when calculating the expected credit loss in accordance with TFRS 9:

- 12-Month default probability: Estimate the probability of default in 12 months after the reporting date

- Lifetime default probability: Estimation of the probability that the financial instrument will default to its expected lifetime

Loss Given Default (LGD):

LGD represents an estimate of the loss at the time of a potential default occurring during the life of a financial instrument. It is expressed as a ratio.

Exposure at Default (EAD):

In cash loans, it refers to the balance as of the report date. In non-cash loans and commitments, it is the value calculated by applying the conversion ratio to the loan. The loan conversion rate corresponds to the loan conversion rate used in the adjustment of possible risk increases between the current date and the default date.

The expected credit loss estimate contains unbiased, supportable information about current and future economic conditions. These financial assets are divided into the following three categories depending on the increase in credit risks observed since they were first included in the financial statements:

12-Month Expected Loss Provision (Stage 1)

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. The number of delay days does not exceed 30 days. Impairment for credit risk is recorded in the amount of 12-month expected credit losses. It is valid for all assets unless there is a significant deterioration in credit quality. The 12-month expected loss values are part of the expected lifetime loss calculation (within 12 months after the reporting date or less if the life of a financial instrument is less than 12 months).

Significant Increase in Credit Risk (Stage 2)

As of the reporting date of the financial asset, in the event of a significant increase in credit risk since initial recognition, the financial asset is transferred to Stage 2. Impairment for credit risk is determined on the basis of the instrument's lifetime expected credit losses.

The Bank classifies financial assets as stage 2 by considering the following criterias:

- Loans with overdue days exceeding 30 days but not exceeding 90 days,
- Data received from the early warning system and the evaluation of the Bank in this case,
- In order to determine whether the default risk of the customer has increased significantly since the first definition of the loan, the Bank's management concludes that there is a significant increase in credit risk as a result of comparison with the risk of default in the loan,
- Loans whose reimbursement is totally collateralized and whose loans are below the net realizable value receivable amount.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

VII. **Explanations on expected credit losses: (Continued)**

Default (3rd Stage / Special Provision):

According to the internal procedures of the Bank, if the following conditions exist, the relevant financial asset is included in the default:

Credits with a delay of 90 days from the date of the last installment (In this case, the customer is monitored as default on the 91st day).

Restructed loans and classified as a performing loan and overdue more than 30 days during the oneyear monitoring period (In this case, the customer is followed as default on the 31st day),

Restructed loans and classified as performing loan and that have been structured at least once more during the one-year monitoring period.

VIII. **Explanations on offsetting of financial instruments:**

Financial instruments are offset when the Bank has a legally enforceable right to net off the recognized amounts, and there is an intention to settle on net basis or realize the asset and settle the liability simultaneously. There are no such offset of financial assets and liabilities.

IX. Explanations on sale and repurchase agreements and lending of securities:

Securities subject to repurchase agreement are classified as at "fair value through profit or loss", "fair value through other comprehensive income" or "measured on amortised cost" according to the investment purposes of the Bank and measured according to the portfolio to which they belong. Funds obtained from the related agreements are accounted under "Borrowings from Money Markets" in liabilities and the difference between the sale and repurchase price is accrued over the life of the agreements using the internal rate of return method. Profit share expense on such transactions is recorded under "Profit Share Expense on Money Market Borrowings" in the income statement. The Bank has no securities lending transactions.

X. Explanations on assets held for sale and discontinued operations and liabilities related to these assets:

Assets held for sale (or disposal group) in accordance with TFRS 5 ("Assets Held for Sale and Discontinued Operations") are measured at the lower of the carrying amount of assets and fair value less any cost to be incurred for disposal. In order to classify an asset as held for sale, the possibility of sale should be highly probable and the asset (or disposal group) should be available for immediate sale in its present condition. Highly saleable condition requires a plan designed by an appropriate level of management regarding the sale of the asset to be disposed of together with an active program for the determination of buyers as well as for the completion of the plan. Also the asset shall be actively marketed in conformity with its fair value. In addition, the sale is expected to be recognized as a completed sale within one year after the classification date and the necessary transactions and procedures to complete the plan should demonstrate the fact that there is remote possibility of making any significant changes in the plan or cancellation of the plan.

A discontinued operation is a part of the Bank's business which has been disposed of or classified as held-for-sale. The operating results of the discontinued operations are disclosed separately in the income statement.

The Bank has no discontinued operations.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XI. Explanations on goodwill and other intangible assets:

Goodwill and other intangible assets are recorded at cost in accordance with TAS 38 "Turkish Accounting Standards for Intangible Assets".

As of June 30, 2024, there is no goodwill in the financial statements of the Bank. (December 31, 2023: None).

The Bank's intangible assets consist of software and intangible rights. The costs of the intangible assets purchased before December 31, 2004 have been restated from the purchasing dates to December 31, 2004 the date the hyperinflationary period is considered to be ended. Intangible assets purchased after this date have been recorded at their historical costs. Intangible assets are amortised by the Bank over their estimated economic useful lives in equal amounts on a straight-line basis. Useful lives of the Bank's software have been determined as 3 to 4 years and other intangible assets' useful lives have been determined as 15 years.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the TAS 36 "Turkish Accounting Standard for Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is provided.

XII. **Explanations on tangible assets:**

The cost of the tangible assets purchased before December 31, 2004 have been restated by inflationary index from the purchasing dates to December 31, 2004, the date the hyperinflationary period is considered to be ended. The tangible assets purchased after this date are recorded at their historical costs. Tangible assets are recorded at cost less accumulated depreciation and provision for impairment, if any in compliance with the TAS 16 "Turkish Accounting Standards for Tangible Assets" in the financial statements.

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets. There are no changes in the accounting estimates which are expected to have an impact in the current or subsequent periods.

Depreciation is calculated on a straight-line basis. Depreciation rates used are determined by considering the estimated economic useful life of the assets.

The annual rates used are as follows:

Depreciation Rate (%) Computers 10-33 Furniture and Equipment 20 Other Moveables 7-33 Vehicles 20 Intangible Assets (Rights) 7-33 Buildings 2

The depreciation of an asset held for a period less than a full financial year is calculated as a proportion of the full year depreciation charge from the date of acquisition to the financial year-end.

Gain or loss resulting from disposals of the tangible assets is calculated as the difference between the net proceeds from the sale and the net book value of the related asset.

The repair and maintenance costs of the tangible assets are capitalized, if the expenditure increases the economic life of the asset, other repair and maintenance costs are expensed.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XIII. Explanations on leasing transactions:

The Bank applies the TFRS 16 leases standard.

The Bank recognizes the right of use and the rent obligation on the financial statements at the effective date of the lease. The right of use is measured initially at cost value and subsequently measured at cost less accumulated depreciation and accumulated impairment losses and adjusted for the re-measurement of the lease obligation. TAS 36 Impairment of Assets is applied in order to determine whether the real estates that are entitled to use have been impaired and to recognize the impairment loss.

With the TFRS 16 Leases Standard effective from January 1, 2019, the difference between operating leases and financial leases is eliminated and leases are presented as assets by the lessees under Tangible Assets and as liabilities under Liabilities from Leasing Transactions.

TFRS 16 introduces a single leasing accounting model for lessees. As a result, the Bank, as a lessee, has acquired the lease rights representing the lease rights representing the right to use the underlying asset and the lease payments to the financial statements. Accounting for the lessor is similar to the previous accounting policies.

The Bank when valuing its leasing obligations, discounted its leasing payments using an alternative borrowing rate. The weighted-average rate applied is 18% for leasing agreements denominated in Turkish liras.

Existence of right to use

The right to use asset is first recognized by cost method and includes:

- The initial measurement amount of the lease obligation,
- The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease;
- All initial direct costs incurred by the Bank.

When applying the cost method, the existence of the right to use:

- Accumulated depreciation and accumulated impairment losses are deducted and measures the restatement of the lease obligation at the restated cost.

The Bank applies depreciation provisions in TAS 16 Property, Plant and Equipment while depreciating the right to use assets.

The lease obligations

At the effective date of the lease, the the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the lease's implied profit share rate, if that rate is easily determined. If this ratio cannot be easily calculated, the Bank employs its alternative borrowing profit share rates.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Bank measures the leasing liability as follows:

- Increase the book value to reflect the interest on the lease obligation
- Reduces the book value to reflect the lease payments made and
- The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The profit share on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic profit share rate to the remaining balance of the lease liability.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XIV. **Explanations on provisions and contingent liabilities:**

Provisions and contingent liabilities, excluding the general and specific provisions for impairment on loans, are accounted in accordance with TAS 37: "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets".

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence in accordance with the cut-off principle.

A liability is recognized as a contingent liability where a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of more than one events not wholly within the control of the Group; or a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability and disclosed in the footnotes.

XV. **Explanations on liabilities regarding employee rights:**

The bank fulfills its obligations for severance pay and leave rights under "TAS 19 - Provided to Employees Benefits" and in the balance sheet "Provision for Employee Benefits" account.

According to Türkiye's current labor laws, the Bank may resign and resign as specified in the Labor Law by making a certain lump sum payment to employees who are dismissed for reasons other than liable behavior.

Provision for severance pay, which is a probable liability under this law, is calculated over its present value using certain actuarial estimates and is reflected in the financial statements as actuarial losses and gains, in accordance with "TAS 19 - Employee Benefits" accounted for under equity. The leave fee obligation means that all personnel are legally entitled to leave each year in excess of the cumulative total of unused vacation days found by subtracting the is calculated.

Liability of T.C. Ziraat Bankası and T.Halk Bankası Members Pension and Relief Fund (TZHEMSAN)

Some of the Bank's personnel are the members of T.C. Ziraat Bankası and T. Halk Bankası A.Ş. Employees' Pension Fund ("Fund") which was established by 20th provisional article of Social Security Law Act numbered 506. In accordance with 23rd provisional clause of the Banking Law numbered 5411, the pension fund established within Social Security Law is expected to be transferred to the Social Security Institution by three years following the declaration of the Banking Law numbered 5411. Procedures and principles of the transfer are determined by the decision of Council of Ministers numbered 2006/11345 dated 30 November 2006. However, the 1st paragraph of the 1st article of the 23rd provisional clause of Banking Law numbered 5411 allowing pension funds to be transferred to Social Security Institution ("SSI") is annulled following the resolution of Constitutional Court declared in the Official Gazette dated 31 March 2007 numbered 26479 E.2005/139, K.2007/13 and K.2007/33

With the publication of the reasoning of the decision, the Grand National Assembly of Türkiye ("GNAT") started to work on new legal arrangements regarding the transfer of the fund members to SSI and the related articles of the "Law Regarding the Changes in Social Insurance and General Health Insurance Law and Other Related Laws and Regulations" No 5754 ("the New Law") regulating the transfer of the funds were approved by the GNAT on 17 April 2008. The New Law was published in the Official Gazette dated 8 May 2008, numbered 26870 and came into force.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XV. Explanations on liabilities regarding employee rights: (Continued)

Liability of T.C. Ziraat Bankası and T.Halk Bankası Members Pension and Relief Fund (TZHEMSAN) (Continued)

According to the new law bank pension funds participants and salaried members or the rightful owners would be transferred to Social Security Institution and would be subject to its legislation within three years beginning from the date of publication without any required transaction. Three years transfer period would be extended by two years at most with the decision of Council of Ministers. In accordance with the related legislation, as of the transfer date, the cash value of the liabilities will be calculated by considering the income and expenses of the transferred funds by the insurance branches and by using the actuarial interest rate of 9,80%. Moreover, the unfulfilled other social rights and payments existed in the settlement deeds of the subjected pension funds of the transferred participants, members or the rightful owners will be continued to be fulfilled by the employer entities of the funds and its participants.

In accordance with 58th article and 7th provisional article of the Banking Law, restricting banks from transferring any funds to the pension funds in order to compensate the actuarial deficits effective from 1 January 2008, has been delayed up to 5 years. Based on the Council of Ministers' decree numbered 2011/1559 and issued in the Official Gazette numbered 27900, dated 9 April 2011, and 20th provisional article of law numbered 506, the deadline for transferring banks, insurance and reinsurance companies, chambers of commerce, chambers of industry, exchange markets and the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for two years.

Besides, the phrase of "two years" in Clause (2), Article 1 of the temporary 20th provision of the law numbered 5510 is revised as "four years" with the law numbered 6283 amending on the Social Insurance and General Health Insurance Law, published in the Official Gazette numbered 28227, dated 8 March 2012. Based on the Council of Ministers' decree numbered 2014/6042 and issued in the Official Gazette numbered 28987 dated 30 April 2014, the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for one year.

Lastly, 51st article of Law No.6645 dated 23 April 2015, published on Official Gazette and the first paragraph of the transient 20th article of Law No.5510 related to the transfer of Bank and Insurance Funds to Social Security Institution; "Council of Ministers is the authority to determine the date of transfer of banks, insurance and reassurance companies, boards of trade, chambers of industry and stock markets or the participants of funds established for their constitute union personnel and the ones that were endowed salary or income and their beneficiaries within the scope of transient 20th article of Law No.506. As from the transfer date, the participants are considered as insured within the scope of clause (a), first paragraph and 4th article of this Law. Based on the decision of the Council of Ministers dated 24 February 2014; May 2015 was determined as the transfer period. As a result of the last amendment made in the first paragraph of the provisional article 20 of the Law No. 5510 and the Occupational Health and Safety Law No. 6645 published in the Official Gazette dated 23 April 2015 and numbered 29335; The Council of Ministers has been authorized to determine the transfer date and the President has been authorized to determine the transfer date in the repeated Official Gazette numbered 30473 on 9 July 2018.

The technical balance sheet report as of 31 December 2023 which is prepared in accordance with the new law and the rate determined as 9,80%, concluded no technical deficit arises in the abovementioned fund. Since the Bank has no legal right to hold the present value of any economic benefits available in the form of refunds from Pension Fund or reductions in future contributions to Pension Fund, no asset is recognized in the Bank's financial statements.

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XVI. **Explanations on taxation:**

Current tax:

With the publication of Law No. 7394 in the Official Gazette dated April 15, 2022, banks, consumer finance companies, factoring and financial leasing companies, electronic payment and money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies. The corporate tax rate has been permanently increased to 25%. However, with Law No. 7456 published on July 15, 2023, the rate in question was increased to 30% to be applied to the cumulative bases included in the declarations that must be submitted as of October 1, 2023; The corporate tax rate will be applied as 30% in future periods, starting from the provisional corporate tax return to be submitted for the period 1 January 2023 - 30 September 2023. There is no withholding tax on dividends paid to institutions resident in Türkiye. Dividend payments made to individuals and institutions other than these are subject to 10% withholding tax. Addition of profit to capital is not considered profit distribution and withholding tax is not applied.

Corporations calculate provisional tax based on their quarterly financial profits at the current rate and declare it by the 17th day of the second month following that period and pay it by the evening of the same day. The provisional tax paid during the year belongs to that year and is deducted from the corporate tax to be calculated on the corporate tax return to be submitted in the following year. If the amount of advance tax paid remains despite the offset, this amount can be refunded in cash or offset against other financial debts to the state.

Provided that 50% of the profits arising from the sale of subsidiary shares and real estate held for at least two years are added to the capital for real estate and 75% for subsidiaries, as stipulated in the Corporate Tax Law, or are kept in a special fund account in liabilities for 5 years. is exempt from tax. However, with the Law No. 7456 published on July 15, 2023, this exception has been abolished for real estates to be acquired after the publication date of the decision; If real estate acquired before this date is sold after the effective date of the decision, 25% of the real estate sales gain will be exempt from corporate tax.

According to Turkish tax legislation, financial losses shown on the declaration can be deducted from the period corporate income for a period not exceeding 5 years. However financial losses can not be offsetted from last year's profits. In Türkiye, there is no practice of reaching an agreement with the tax authority regarding the taxes to be paid.

Corporate tax returns are submitted to the relevant tax office by the evening of the last day of the fourth month following the month in which the accounting period closes. However, the authorities authorized for tax inspection may examine the accounting records within the five years before the current period, and if incorrect transactions are detected, the tax amounts to be paid may change and sectoral examinations may be carried out.

Within the framework of the provision of Article 298/A of the Tax Procedure Law, the conditions required for inflation adjustment in the corporate tax calculation have been met as of the end of the 2021 calendar year. However, with the "Law on Amendments to the Tax Procedure Law and the Corporate Tax Law" numbered 7352, published in the Official Gazette numbered 31734 dated January 29, 2022, the temporary article 33 was added to the Tax Procedure Law numbered 213, including provisional tax periods. In the 2021 and 2022 accounting periods (as of the accounting periods ending in 2022 and 2023 for those assigned a special accounting period) and the 2023 accounting period provisional tax periods, the financial statements will not be subject to inflation adjustment, regardless of whether the conditions for inflation adjustment within the scope of Article 298 are met or not, 31 It has become law that the financial statements dated December 2023 will be subject to inflation adjustment regardless of whether the conditions for inflation adjustment are met or not, and the profit/loss differences arising from the inflation adjustment will be shown in the previous years' profit/loss account.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024

(Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Accounting policies (Continued)

XVI. Explanations on taxation: (Continued)

Based on the Tax Procedural Law General Communique No. 560 published in the Official Gazette dated 30 April 2024; There will be no inflation adjustment for the 1st provisional tax period of the 2024 accounting period. However, according to the Communiqué, inflation adjustment will not be applied only in the 1st provisional tax period for now, and unless a contrary regulation is made in the following provisional accounting periods of the 2024 accounting period, inflation adjustment will continue to be applied if the conditions in Article 298/A of the TPL are met.

Assets within the scope of the provisional Article 32 of the Tax Procedure Law No. 213 are valued and taxed at 2%. The assets included in the scope of Repeated Article 298 are revalued with the revaluation rate announced in the relevant year and no tax is paid on the increase in value.

Deferred tax:

Deferred tax assets or liabilities, according to principles of "Turkish Accounting Standards on Income Taxes" ("TAS 12"), are calculated as measuring the affect of the temporary difference that accours between the amount of assets and liabilities figured in financial tables and the amount calculated according to tax legislation, by considering tax rate for releated period.

Deferred tax is been figured in financial tables by netting assets and liabilities. While deferred tax liability can be calculated for all taxable temporary difference, deferred tax assets only can be calculated on the condition that if high possibility exists to take profit from difference occurs from deferred tax assets arises from reducable temporary differences to be profitable on taxes.

Deferred tax is calculated based on the tax rates that are valid or almost certain to come into force in the period when assets are created or liabilities are fulfilled and are recorded as expense or income in the statement of profit or loss. However, deferred tax is recognized directly in equity accounts if it relates to assets directly attributable to equity in the same or a different period. While preparing the financial statements dated June 30, 2024, the Bank used a 30% tax rate for temporary differences expected to be realized or closed.

Transfer pricing

Transfer pricing is regulated through the article 13 of Corporate Tax Law titled "Disguised Profit Distribution by way of Transfer Pricing". Detailed information for the practice regarding the subject is found in the "General Communiqué on Disguised Profit Distribution by way of Transfer Pricing".

According to the related regulation, in the case of making purchase or sales of goods or services with related persons/corporations at a price that is determined against "the arm's length principle", the gain is considered to be distributed implicitly through transfer pricing and such distribution of gains is not deductible in calculation of corporate tax.

XVII. Additional explanations on borrowings:

The Bank generates funds from debt certificates issued by the asset leasing company and these funds have been presented under "Funds Borrowed". Borrowings, except for funds collected, are recognized at amortized cost using the effective internal rate of return method in the following periods after the initial recognition.

XVIII. Explanations on issued share certificates:

None.

XIX. Explanations on acceptances and availed drafts:

The Bank aval and acceptances are carried out simultaneously with customers' payments and are shown in off-balance sheet obligations as possible debts and commitments.

Accounting policies (Continued)

XX. **Explanations on government grants:**

As of the balance sheet date, there are no government grants received by the Bank.

XXI. **Explanations on segment reporting:**

Business segment is a component of the Bank that engages in business activities from which the Bank may earn revenues and incur expenses, whose operating results are regularly reviewed by the Bank's chief operating decision makers to make decisions about resources to be allocated to the segment and assess its performance, which and for discrete financial available.

Segment reporting is disclosed in Section Four, Note IX.

XXII. Explanations regarding subsidiaries, affiliates and jointly controlled partnerships:

Subsidiaries and affiliates denominated in Turkish currency are accounted for at cost in accordance with the "Turkish Accounting Standard for Individual Financial Statements" ("TAS 27") and are reflected in the unconsolidated financial statements after deducting the provision for impairment, if any.

XXIII. Information on other issues:

None.

SECTION FOUR

Information on financial structure and risk management

I. Explanations on capital adequacy standard ratio:

Equity amount and capital adequacy standard ratio are calculated within the framework of the "Regulation on Equity of Banks" and the "Regulation on Measurement and Evaluation of Capital Adequacy of Banks". The Bank's current period equity amount calculated as of June 30, 2024 is 20.072.991 TL and the capital adequacy standard ratio is 21,43%. The equity amount for December 31 2023 is 15.359.347 TL and the capital adequacy standard rate is 23,05%. The Bank's capital adequacy standard ratio is above the minimum ratio determined by the relevant legislation.

I. Explanations on capital adequacy standard ratio (Continued):

c. Explanations on reconciliation of equity items and balance sheet amounts

The difference between Total Capital and Equity in the unconsolidated balance sheet mainly arises from Stage 1 and Stage 2 expected credit losses, debt instruments, and share issue premiums deemed suitable by the BRSA. In the calculation of Total Capital, Stage 1 and Stage 2 expected credit losses up to 1,25% of the credit risk is taken into consideration as Tier II Capital. On the other hand, in the calculation of the Total Capital, improvement costs for operating leases followed under tangible assets in the balance sheet, intangible assets and related deferred tax liabilities, net book value of immovables that are acquired against overdue receivables and retained more than five years, other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

II. Explanations on credit risk:

It has not been prepared in the interim period in accordance with Article 25 of the Communiqué on Financial Statements and Related Disclosures and Footnotes to be Announced to the Public by Banks.

III. Explanations on currency risk:

Foreign currency risk arises from the Bank's possible exposure to the changes in foreign currencies.

- a) The Bank is exposed to currency risks as a market risk and pay attention to keep at a minimum level by avoiding keeping any positions. The Bank calculates the Value at Risk for the foreign currency position on a daily basis. All foreign currency assets, liabilities and foreign currency forward transactions are taken into consideration while capital requirement to be employed for foreign currency risk is calculated. Standard Method used in legal reporting and value at market risk is calculated on a monthly basis.
- b) The Bank does not have any derivative financial instruments held for hedging purposes.
- c) TL resources are used in TL and foreign currency resources are used in related currencies without causing any currency inconsistency in the use of loans. Due to uncertainty and volatility that may arise in the markets, foreign currency position limit that can be formed for strategic purposes is limited and monitored.
- d) Foreign exchange buying rates of the last five working days before the balance sheet date as publicly announced by the Bank are as follows:

| | USD | EUR |
|---|---------|---------|
| | | |
| As of June 30, 2024 - Balance sheet evaluation rate | 32,8789 | 35,1780 |
| As of June 28, 2024 | 32,8789 | 35,1780 |
| As of June 27, 2024 | 32,8780 | 35,1818 |
| As of June 26, 2024 | 32,9280 | 35,1847 |
| As of June 25, 2024 | 32,9644 | 35,3289 |
| As of June 24, 2024 | 32,8785 | 34,2496 |

d) The simple arithmetical average of the major foreign exchange buying rates of the Bank for the thirty days before the balance sheet date is full TL 32,5788 for 1 USD (December 2023: full TL 29,1176), full TL 35,0470 for 1 Euro (December 2023: full TL 31,8008).

The Bank is mainly exposed to USD and Euro currency risks.

Information on financial structure and risk management (Continued)

IV. Explanations on liquidity risk:

Liquidity Risk is managed by Asset and Liability Committee ("ALCO") in line with risk management policies and risk appetite approved by the Board of Directors in order to take the necessary measures in a timely and correct manner against possible liquidity shortages that may result from market conditions and balance sheet structure of the Bank.

The Board of Directors reviews the liquidity risk management strategy, policy and practices and approves the liquidity strategy and policies within the framework of risk management strategy and policies, ensures the effective of practice of policies and integrations with Bank's risk management strategy. The Board of Directors determines the basic metrics in liquidity risk measurement and monitoring.

ALCO takes necessary decisions which will be executed by related departments by assessing the liquidity risk that the Bank is exposed to and considering the Bank's strategy and conditions of competition and pursues the implementations.

The liquidity structure is evaluated in the framework of ALCO decisions for liquidity management and a placement strategy is developed. Liquidity risk management strategy is determined by considering both normal economic conditions and stress conditions.

Risk Management Presidency, liquidity risk; periodically reports to the relevant unit, the relevant committee and the senior management with the methods of measurement of liquidity risk in compliance with the standards. It manages liquidity risk in accordance with the Bank's portfolio, strategic plans and policies and legal limits, and informs and coordinates the relevant parties on time. In accordance with the market conditions and the Bank's structure, the relevant liquidity risk measurement methods establish, assumptions and parameters used in liquidity risk analyzes are reviewed. Liquidity risk analyzes and important liquidity indicators are regularly reported to senior management. In the stress conditions are carried out in the framework of "Emergency Funding Plan".

The Bank's high level management to determine management strategies for liquidity risk;

- follows obligations arising from domestic and foreign currencies,
- determine the concentration risks of placements,
- actively follows funding sources,
- consider the portfolio diversity,
- follow up the fund flows related to assets and liabilities depending on the maturities.

Market conditions are continuously follow and access problems for the bank's fund requirements are analyzed and the impact of sudden changes in fund sources is evaluated. Liquidity adequacy is measured by applying stress test to the factors affecting liquidity. Liquidity Risk Stress Test analyzes the compliance of the Bank's cash flow capacity to the cash flow capacity within the framework of the specified scenarios. The scenarios needed for stress tests are based on the changing balance sheet structure. The results are taken into consideration in determining the policies related to liquidity risk and in the preparation of an emergency action plan.

For the purpose of reducing the liquidity risk that the Bank may be exposed to compliance with the strategies implemented (monitoring of concentration, diversification of funding sources, high quality liquid assets, etc.) is monitored effectively by the senior management of the Bank taking into account legal and prudential limits. For non-mitigation risks, acceptance of the current risk level, reducing or terminating the risk-causing activity are evaluated.

Liquidity coverage ratio is calculated by dividing the high quality liquid assets owned by the Bank to the net cash outflows within the 30-day maturity window. Important balance sheet items that are decisive on the ratio; Required reserves held by the CBRT, receivables from banks. can be listed as collected funds. Since these items have a high share in liquid assets and net cash outflows, their rate of consideration is high, and they may vary over time, their impact on the liquidity coverage ratio is greater than other items.

High-quality liquid assets consist of cash, accounts with central banks and high-quality liquid securities. Required reserves are taken into account in the calculation of high quality liquid assets, limited to the amount that the relevant central bank policies allow banks to use in times of liquidity shortage.

The Bank's high quality liquid assets are composed of 4,83% cash, 71,85% deposits in central banks and 23,52% securities considered as high quality liquid assets.

The Bank's main funding sources are funds collected, funds borrowed, borrowings from money market and subordinated loans. Funding source composition in report date is 87,94% funds collected, 4,26% subordinated debt instruments and 7,80% funds borrowed.

Information on financial structure and risk management (Continued)

IV. Explanations on liquidity risk (Continued):

The net stable funding rate (NSFR) is calculated by dividing the current stable fund amount by the required stable fund amount. The current stable fund includes the portion of banks' liabilities and equity that are expected to be permanent; The required stable fund refers to the portion of banks' on-balance sheet assets and off-balance sheet liabilities that are expected to be refunded. The current stable fund amount is calculated by adding the amounts to be found after applying the relevant consideration rates determined within the scope of the legislation to the amounts of banks' liabilities and equity elements valued in accordance with TFRS. The required stable fund amount will be found after applying the relevant consideration rates determined within the scope of the legislation to the value calculated by deducting the special provisions set aside in accordance with the Regulation on the Procedures and Principles on the Classification of Loans and the Provisions to be Set Aside from the amounts of the banks' on-balance sheet assets and off-balance sheet liabilities valued in accordance with TFRS. The amounts are calculated by adding them together. The three-month simple arithmetic average of the consolidated and unconsolidated NSFR calculated monthly as of the equity calculation periods as of March, June, September and December cannot be less than one hundred percent.

| 33 | Total Required stable funding | | | | | 72.529.204 |
| 34 | Net Stable Funding Ratio (%) | | | | | 154,00 |

As of June 30, 2024, the Net Stable Funding Rate was 127,57% (previous period: 154,00%). Considering the amounts to which the consideration rate is applied, the Equity Elements to which the highest consideration rate is applied within the scope of the legislation are 18% of the Current Stable Fund amount (previous period: 14,73%) and the Real Person and Retail Customer Participation Fund is the amount of the Current Stable Fund. It constitutes 37% (previous period: 43,92%). The item with the largest share in the Required Stable Fund is the Other Assets item with 49% (previous period: 46,14%). Factors such as the development of major balance sheet items such as inter-period Loans and Participation Fund, change in balance sheet maturity structure and asset collateralization are effective in the development of the rate.

SECTION FIVE

Explanations And Notes On The Unconsolidated Financial Statements

I. Explanations and notes related to assets:

1. a) Cash and balances with the Central Bank of Republic of Türkiye (CBRT):

| | Current Period | | Prior P | eriod |
|-------------------------|-----------------------|------------|------------|------------|
| | TL | FC | TL | FC |
| Cash / Foreign currency | 111.224 | 1.265.551 | 77.430 | 319.727 |
| CBRT | 13.832.191 | 42.811.656 | 17.215.441 | 49.495.840 |
| Other (*) | 77.133 | 2.623.645 | 108.898 | 3.026.500 |
| Total | 14.020.548 | 46.700.852 | 17.401.769 | 52.842.067 |

(*) As of June 30, 2024 it includes precious metal deposit account amounting to TL 1.096.391 (December 31, 2023: TL 186.469) and money in transit account amounting to TL 1.604.387 (December 31, 2023: TL 2.948.929)

b) Information related to CBRT:

| | Current Period | | Prior Period | |
|--|----------------|------------|--------------|------------|
| | TL | FC | TL | FC |
| Unrestricted demand deposit | 5.782.792 | 14.207.068 | 13.772.897 | 22.032.535 |
| Unrestricted time deposit Restricted time deposit | <u>-</u> | - | - | - |
| Reserve requirements | 8.049.399 | 28.604.588 | 3.442.544 | 27.463.305 |
| Total | 13.832.191 | 42.811.656 | 17.215.441 | 49.495.840 |

b.1) Explanations regarding the reserve requirement application:

The Bank establishes required reserves at the CBRT for Turkish currency and foreign currency liabilities in accordance with the CBRT's Communiqué No. 2005/1 on Reserve Requirements. Required reserves can be kept in Turkish Lira, US Dollar and/or Euro and standard gold according to the "Communiqué on Required Reserves" at the CBRT.

As of June 30, 2024, the Bank's applicable rates for Turkish lira required reserves are between 3% and %33, depending on the maturity structure for participation funds and other liabilities and the applicable rates for FX required reserves are between 5% and %30 and the required reserves for precious metal deposit accounts are %22 and %26 depending on the maturity structure. The reserve requirement ratio for participation funds in FX (excluding participation funds of banks abroad and precious metal deposit accounts) is 8%.

2. a. Information on banks:

| | Curren | Current Period | | Period |

1) Liquidation policy for uncollectible loans and other receivables:

The Bank initiates a legal process for the collection of receivables arising from credit transactions. The debtor's and debtor related's assets' together with process of cash conversion of the collaterals which constitute of the Bank receivables will be processed by the Bank and in addition to this process the Bank will try to collect and liquidate its receivables through administrative ways.

i) Information on "Write-off" policies:

In accordance with Article 8 of the "Regulation on the Procedures and Principles Regarding the Classification of Loans and Provisions to be Reserved for them", loans classified under "Fifth Group Loans of Loss" and which does not have reasonable expectations regarding the recovery of loans with a lifetime expected due to the default of the debtor or the provision of special provisions can be deducted from the records within the scope of TFRS 9 as of the first reporting period following their classification in this group. Deducting loans from records is an accounting practice that has no effect on withdrawal.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Explanations and notes on the unconsolidated financial statements (Continued):

I. Explanations and notes related to assets (Continued):

6. Information on loans (Continued)

It is an accounting practice to deduct loans that do not have the possibility to collect from the records within the scope of the above provision, does not mean that result in giving up the right to receivable.

The general policy of the Bank is to write-off the receivables which are deemed to be impossible to collect during the legal follow-up process from the assets in accordance with the decision taken by the top management of the bank. There is no cancellation of the loans brought because it is believed that it will not be possible to collect it in 2024. (December 31, 2023: None).

| Foreign exchange difference | - | - | - | |
| Total | 323.478 | 53.530 | 671.615 | 108.884 |

ğ. Information on other capital reserves:

The Bank's Creditor Institution as of June 30, 2024 is Türkiye Varlık Vakfı Yönetimi A.Ş. with ISIN code TRT240424F22, with a starting date of April 24, 2019, with a five-year repayment option at the earliest and a maturity value of 200.000.000 Euros (Full Euros) and the Creditor Institution is Türkiye Wealth Fund Management A.Ş. There are two subordinated debt instruments in total amounting to 31.688.489 Euros (Full Euro) with a starting date of March 9, 2022, with a ten-year repayment option at the earliest and with a maturity date of 31.688.489 Euros (Full Euro). The financial liability in question is reflected in the records at its fair value and its cost value The difference between the nominal value and the fair value was accounted for in the 'Other Capital Reserves' account in shareholders' equity at the date of initial acquisition.

In addition, regarding this transaction, current public securities with 0% return were classified as 'financial assets carried at amortized cost' in line with the decision taken by the Bank Management and were included in the balance sheet with the amount discounted by the public security return rates. The difference between the initial acquisition date cost value and the discounted amount is accounted for in the 'Other Capital Reserves' account within shareholders' equity.

In accordance with the decision of the Bank's Ordinary General Assembly held on August 4, 2023, it was decided to transfer 140.498 TL of the 2023 period decision, which is 2.809.949 TL, to legal reserves and the remaining amount to extraordinary reserves.

SECTION SEVEN

Interim Activity Report

I. Interim activity report including the Message from the Chairman of the Board of Directors and CEO related to the interim activities:

a. Message from the Chairman of the Board of Directors

The first half of 2024, which was marked by extraordinary developments, political crises, and inflationary conditions worldwide, was defined by economic circles as a "transition and balancing period". After a prolonged period, the global economies finally experienced a modest growth, which instilled a sense of cautious optimism and stability in the economic equation.

The World Bank has revised its global growth forecast upwards for 2024 in the June data of the Global Economic Prospects Report. While the growth forecast for 2024 was set at 2.4% in the report published in January, this rate was increased to 2.6% in the June report. The global economy is anticipated to grow by 2.7% in both 2025 and 2026, while the global inflation rate is also expected to decline to 3.5% in 2024 and to 2.9% in 2025.

In the second quarter of the year, the US Federal Reserve maintained the policy rate at 5.25–5.50% in line with market expectations. While the inflation rates in the Eurozone remained around 2.40–2.60%, the European Central Bank made its first interest rate cut in nearly 5 years, lowering the three key policy rates by 25 basis points.

In the first quarter of the year, the Turkish economy experienced a growth rate of 5.7%. Standard & Poor's (S&P), the international credit rating agency, raised Türkiye's credit rating from "B" to "B+", while maintaining the credit rating outlook as "positive". Due to the successful implementation of appropriate policies, the achievement of economic rebalancing, the reduction in external financing requirements, the increase in international reserves, and the disinflation process, Türkiye's long-term credit rating has been raised by two notches to B1 by the international credit rating agency Moody's, marking a significant milestone. The credit rating outlook was maintained as "positive". The Central Bank of the Republic of Türkiye is decisively utilizing all available measures to achieve its target of single-digit inflation. In this context, there is a consistent focus on maintaining the balance between monetary, fiscal, and revenue policies to ensure the long-term stability of the macroeconomy. With the decision made at the Plenary of FATF, our country's removal from the grey list will undoubtedly boost confidence in our financial system and facilitate the achievement of our program targets.

Contributing to the country's economy, environment, and sustainability through the projects it has implemented, Emlak Katılım is steadily growing and progressing among the strong players of its industry by means of its sustainable efficiency, customer focus, and participation finance principles. Our commitment to expanding our reach in every single corner of our country by increasing the number of branches in 39 provinces to 110, including e-branches, continues uninterruptedly. Emlak Katılım is making significant contributions to the economy and employment through its active size of TL 203.7 billion in the second quarter of the year.

Our institution strives for an environmentally conscious, disaster-resistant, and stable Türkiye within the framework of the Twelfth Development Plan, crafted with a long-term perspective in the new century of the Republic. Emlak Katılım, which is a prominent stakeholder of the real sector by providing direct financing to trade, service, and production, is committed to creating added value for our country through its qualified, innovative, customer-centric, digital, social, and sustainable policies for the "Participation Finance" sector based on the fundamental values and expectations of our nation.

Best Regards,

Prof. Dr. Mehmet Emin BİRPINAR Chairman of the Board of Directors

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Interim Activity Report (Continued)

I. Interim activity report including the Message from the Chairman of the Board of Directors and CEO related to the interim activities (Continued):

b. Message from the General Manager

Despite the stagnation experienced in global economies, Türkiye, which is making steady progress toward its vision of becoming a stable, value-added, robust, and prosperous country, experienced a 5.7% growth rate in the first quarter of 2024. Türkiye achieved the distinction of having the fastest-growing economy among OECD member countries and the second-fastest-growing economy among G20 countries. Our country, which maintained its outstanding performance in the first half of 2024, is expanding through investment, production, employment, and exports, and is steadily fortifying its real economy.

The public savings and efficiency package, which was implemented to strengthen the Medium-Term Program, reduces discretionary spending and develops investment plans based on efficiency. The savings package places emphasis on maintaining price stability, adhering to fiscal discipline, ensuring a sustainable current account deficit, and implementing structural transformation programs. The aim is to manage public spending, enhance savings, allocate investments to priority areas, expedite structural reforms, and ensure the effective, economical, and efficient utilization of public resources.

Our country has been removed from the FATF grey list in line with the successfully implemented action plan driven by the resolute determination of government. This decision, made as a consequence of economic reforms and successful policies implemented, will yield favorable outcomes for both the financial sector and the real sector. This development, which will have a positive impact on the foreign investments flowing into our country, will also enhance our country's reputation in the global arena.

The rapid and widespread impact of the green transition and the climate crisis is being felt on the global economy. Our country has set a definitive target for achieving net zero emissions by the year 2053 and intends to accomplish this objective through the implementation of a green development vision. In line with this vision, sustainable policies are being formulated with the aim of green transformation across several areas, from industry to energy, from transportation to retail. As Emlak Katılım, we make the utmost contribution to green transition by prioritizing sustainable finance practices in our operations and supporting projects that promote social awareness.

At Emlak Katılım, we are committed to providing ongoing support to our customers through our latest range of products and financing packages. We have introduced our Women Entrepreneur Support Financing product to assist our customers in financing their operating expenses, thereby supporting women entrepreneurs who add value to the economy. We have introduced a range of sustainability-themed products, such as "Environmentally Friendly Housing Financing, Energy Efficiency Management Financing, Individual Energy Efficiency Financing, and Wastewater Treatment and Recycling Investment and Operating Financing".

We developed the "Digital Content Producer Account" product to help meet the income exemption requirements for digital content production and mobile application development. Our customers who produce social content and develop mobile applications for smartphones or tablets can easily open a Digital Content Producer Account at any of our branches. Our institution automatically applies a 15% income tax withholding on all amounts transferred to these accounts as of the transfer date and ensures that the tax payment is made.

TÜRKİYE EMLAK KATILIM BANKASI A.Ş. NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2024 (Amounts expressed in Thousands of Turkish Lira (TL) unless otherwise stated.)

Interim Activity Report (Continued)

I. Interim activity report including the Message from the Chairman of the Board of Directors and CEO related to the interim activities (Continued):

b. Message from the General Manager (Continued):

For credit cards, we have established a brand partnership with Halkbank, one of the prominent representatives of our country's banking industry. Our customers will be able to take full advantage of the opportunities provided by over 550 thousand Paraf Member Businesses and thousands of contracted brands through Paraf Card, Türkiye's local and national payment method using TROY infrastructure. Thanks to the long-term collaboration between the two institutions, both card users and the retail industry will experience substantial benefits.By leveraging the synergy created by the large customer base, more profitable campaigns will be ensured and savings will be achieved in common costs.

As Emlak Katılım, we have made a significant contribution to the country's employment by expanding our branch network to 110, including e-branches, and increasing our workforce to over 1,500 employees. As of the second quarter of the year, we have increased our active size by 59% compared to the same period of the previous year, reaching TL 203.7 billion, and our collected funds by 60%, reaching TL 160.1 billion.

During the first half of 2024, the volume of lease certificate issuances we performed domestically experienced a significant 32% increase compared to the second half of the previous year, reaching TL 14.8 billion. In the company sukuk issuances that we have mediated, we have issued TL 2.2 billion in sukuk in the first half of 2024, while maintaining our 42% market share in the sector with a sukuk balance of TL 6.6 billion in circulation. Including the sukuk issuances we have mediated, we have successfully prevented a total of 142,240 tCO2e of carbon emissions through our thematic sukuk issuances, which have totaled over TL 2 billion. As part of the 9th Golden Bull Awards organized by the Turkish Capital Markets Association (TSPB), we were deemed worthy of the Golden Bull Award as the institution that has issued the highest lease certificate in the category of "2023 Lease Certificate Issuance and Sales".

Our roadmap is characterized by convenience, accessibility, and efficiency, which are consistent with our digital growth strategy and goals. In order to enhance business efficiency, reduce costs, ensure smooth service, and save time, we persist in our investments in digital banking, which is the most significant benefit.

Emlak Katılım will persist in its pursuit of its corporate goals. In the years to come, our institution will persist in developing sustainable financing models for strategic sectors that contribute to our country's economic growth and in financing initiatives that make positive contributions to the environment.

With Regards,

Onur GÖK General Manager
